## **College Archives & Special Collections Duplication Agreement**

The library will consider requests for photocopying, scanning, or duplicating materials when such duplication can be accomplished without injury to the material, when it is within library policy and when it is in accordance with donor agreements and copyright restrictions.

Unless permission to publish has been granted, reproductions are to be used for personal research only. Supplying of a photocopy or reproduction is not authorization to publish.

### **Permission to Publish**

- Researchers should be aware that the copyright law of the United States (Title 17, United States Code) provides protection for unpublished materials as well as for published works. Permission to publish from or to quote from previously unpublished manuscripts or from published items under copyright must first be obtained from the copyright holder.
- Requests to publish material copyrighted by Western State College of Colorado must be obtained from the Director of Library Services or his/her representative.
- One copy of the publication referencing materials from the College Archives or Special Collections will be deposited in the Library in compliance with Library policy.

**One-time Use Rights.** Only single, one-time use rights are granted and further use of the material can only be made with written permission of the Library. Further reproduction of copies provided to the researcher is strictly prohibited. Reproductions may not be sold or deposited with other institutions without the written permission of the Director of Library Services or his/her representative.

### **NOTICE WARNING CONCERNING COPYRIGHT RESTRICTIONS**

The copyright law of the United States (Title 17, United States Code) governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specified conditions is that the photocopy or reproduction is not to be "used for any purpose other than private study, scholarship, or research." If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of "fair use," that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept a copying order if, in its judgment, fulfillment of the order would involve violation of copyright law.

I have read the above statements and agree to abide by these regulations. I agree that any use of College Archives or Special Collections materials will adhere to copyright law, and any infringement will be my sole responsibility. I further agree that I am solely responsible for the use made of any material secured from Western State College and any liability resulting from use.
