In accordance with C.R.S. 23-1-108.5 (1) and C.R.S. 108 (7)(a) the participating institutions agree to the following policies governing the transfer of credit earned at a Colorado community college into a degree program for students seeking elementary education licensure offered at any of the Colorado public four-year colleges and universities listed above.

Section I: Graduate Requirements for Students Seeking Elementary Education Licensure

- A. Institutional graduation requirements, including minimum number of hours and minimum grade average.

A transfer student who is seeking elementary education licensure will meet the same graduation requirements as a native student, including enrollment in an approved teacher preparation program, grade point average, and enrollment in specified courses that align with Colorado standards. A transfer student from a Colorado public community college who has earned an Associate of Arts (A.A.) degree designated for the elementary education track as defined in this agreement will need to complete no more than 68* credits to earn the baccalaureate degree at the four-year institution (60 plus 68* transfer agreement).

- B. Universal transfer courses for the Elementary teacher education program.

A community college student who is planning to become an Elementary Education Teacher will sign a graduation plan at the community college that identifies the first 45 credit hours that are guaranteed to transfer to particular teacher education programs (see page one) that are offered by Colorado public institutions of higher education. The courses are listed in Table I of this agreement.

To complete the A.A. graduation requirements, students, who have completed or are currently enrolled in courses that will total the first 45 credits, will apply to a specific teacher education program and be advised on the final 15 credits guaranteed to transfer. Students who do not plan to transfer immediately may participate in the co-enrollment and are entitled to the same transfer benefits when they apply for admission in the future.

- C. Second Year, Second Semester of Graduation Agreement (Final 15 Credit Hours)

During the first semester of the student's sophomore year (or the equivalent term when the student will complete the 45 credits outlined in the elementary education graduation agreement), the student will sign an agreement for the final 15 credit hours that will be co-signed by both the community college and the four-year college. In essence the student will be co-enrolled at both

institutions – eligible to enroll in courses at either institution that are guaranteed to apply to graduation requirements at both institutions.

Co-enrollment entitles the student to:

- Advice from the four-year institution on the 15 credit hours that will be guaranteed to apply to the graduation requirements that lead to an elementary education licensure.
- A graduation plan that meets the community colleges' Associate of Arts requirements and transfer of any credits earned at the four-year institution as meeting the A.A. graduation requirements.
- Ability to enroll in selected courses offered at the four-year institution including on-line or on-campus classes if not available at the community college.

- D. A transfer student must be admitted to a school of education at a four-year institution. In general admission to a four-year teacher education programs requires a 2.75 grade point average and between 50 - 100 hours of evidence of successful experience with children ages 4 to 12.

Section II - Transfer of Credit

- A. Policies for accepting grades in transfer.
1. Only academic courses with a letter grade of "C" or better will be accepted for transfer.
 2. Courses with grades of "F", "D", "IP", "I", "U", "AU", and "Z" are not transferable.

- 3. Only courses with grade of "B-" or better are accepted for English Composition (ENG 121). This is a standard teacher education admission standard in Colorado.
- B. The four-year college or university will accept all credits in the student's teacher education graduation agreement earned within ten years of transfer. Courses earned more than ten years earlier will be evaluated on an individual basis.
- C. This transfer credit is guaranteed under the condition that the community college maintains current accreditation by The Higher Learning Commission of the North Central Association of Colleges and Schools.

Section III: Student Appeals Process

An appeal related to denial of transfer credits will follow the Colorado Commission on Higher Education student appeal process.

This agreement will remain in force until a new Statewide Elementary Education Agreement is negotiated.
