CHAPTER 1: WESTERN STATE COLLEGE OF COLORADO (the “College”)

Section 1.1: Role Statement of the Board of Trustees of Western State College of Colorado (the “Board”)

As specified in 23-56 C.R.S., as amended (see Appendix), the Board has full authority and responsibility for the control and governance of Western State College of Colorado, including such areas as finance, resources, academic programs, admissions, role and mission, and personnel policies. To exercise its authority appropriately, the Board may regularly establish policies designed to enable the College to perform its statutory functions in a rational and systematic manner. To assist the Board in meeting its responsibilities, the Board delegates to the President of the College (the “President”) the authority to interpret and administer its policies in all areas of operations.

It is the policy of the Board to assure substantial administrative authority and autonomy, to guarantee a minimum of external involvement in the affairs of the College, and to encourage the development of the distinctive role of the College as it strives to fulfill its mission of achieving academic excellence. At the same time, however, the Board’s policies and procedures, administered by the President and staff, are designed to ensure effectiveness, efficiency, and accountability. The Board also expects the College to develop curricular arrangements with other Colorado colleges and universities as part of its normal operation in order to enhance program availability for students.

Section 1.2: Board Role and Committee Structure

Board of Trustees. The Board shall have authority for and control of the assets and resources of the College and shall ensure that the activities of the College are performed in an exemplary manner. The Board subscribes to the principle that its goals as a governing body are to create and maintain an environment conducive to the discovery and dissemination of knowledge to all citizens who seek it, to provide necessary resources in an atmosphere that induces and honors excellence and promotes equality of access, and to develop a salutary sense of mutual authority, responsibility, accountability, and ethical practice among all those who are involved in sponsoring and providing educational services. The Board shall monitor the College to be certain that it is performing at the highest possible level and that it makes any changes required to achieve such goals.

In order to assist it in meeting its mandate, the Board will operate as a committee of the whole which, together with Board-created commissions, committees, and councils, and the President's Cabinet, are committed to accomplishing the purposes of the Board. The Board retains the option to adopt a committee structure if and when determined necessary.

The President's Cabinet. The Cabinet, which shall consist of the Vice Presidents and the President, shall be primarily responsible for coordinating the implementation of Board policies at the College and for initiating various activities and events through special committees and task forces. The Cabinet shall also have major responsibility for reviewing existing policies and making recommendations for change and for serving in an advisory capacity both to the President and to the Board.

Committees and Task Forces. The Board may appoint committees and task forces from time to time on an *ad hoc* basis. The composition of such groups and their assignments will be provided at the time the groups are formed.

Section 1.3: Bylaws of the Board of Trustees of Western State College of Colorado

ARTICLE I

Section 1. The affairs of the Board shall be governed and managed by the members thereof selected and appointed pursuant to the laws of the State of Colorado. Each Trustee so appointed shall, before assuming his or her duties of office, take and subscribe an oath or affirmation of office as provided by law.

Section 2. The annual meeting of the Board shall be held in June of each year or at such time and place as may be designated by the Board by resolution adopted by majority vote. The annual meeting of the Board shall be for the purpose of electing officers and the transaction of such other business as may come before the meeting.

Section 3. Regular meetings of the Board may be held at such times and places as the Board, by resolution, may determine. Notice of regular meetings shall be given not less than fifteen (15) calendar days before the meeting date.

Section 4. Special meetings of the Board may be called at any time by the Chairman of the Board (the “Chairman”) or shall be called by the Chairman upon the written request of a majority of the Board.

- a. Upon the call for a special meeting, the Secretary shall cause written notice thereof to be mailed or delivered to each member, stating the time, place and purpose of the meeting; such notice shall be received no later than twenty-four (24) hours prior to the hour set for the meeting.
- b. No business other than that stated in the notice shall be transacted unless all members of the Board are present and consent to the consideration and transaction of such other business.
- c. Any member may waive notice of the time, place and purpose of a special meeting at any time before, during or after such meeting and attendance thereat shall be deemed to be a waiver of the required notice thereof.
- d. In the event of an unforeseen circumstance requiring immediate action, the Chairman may convene an emergency special meeting of the Board by giving notice of not less than one (1) hour, by telephone to members of the Board and, by posting, to the public. If the Board is unable to meet in person, such emergency special meeting may be conducted by conference telephone call, with public amplification of the discussion at the location set forth in the posted notice. When this occurs, a written resolution embodying the action taken shall be reported to the Board for ratification at the next regular meeting and shall be incorporated into the minutes of that meeting.

Section 5. Meetings of the Board

- a. Pursuant to § 24-6-402, C.R.S., all meetings of two (2) or more members of the Board at which any public business is discussed or at which any formal action may be taken shall be open to the public. Any meetings at which the decision or adoption of any proposed resolution, rule, regulation, or other formal action occurs or at which a majority or quorum of the Board is in attendance, or is expected to be in attendance shall be held only after full and timely notice to the public. This bylaw does not apply to any chance meeting or to any social gathering at which the discussion of public business is not the central purpose.

The Secretary of the Board shall maintain a list of persons who, within the previous two (2) years, requested notification of all meetings or of meetings when certain specified policies will be discussed, and shall provide reasonable advance notification of such meetings, provided, however, that unintentional failure to provide such advance notice will not nullify actions taken at an otherwise properly published meeting.

- b. A majority of the duly appointed or elected voting members of the Board shall be necessary to constitute a quorum for the transaction of any business or the taking of any action.
- c. Meetings of the Board shall be conducted in accordance with parliamentary rules and procedures provided by *Robert's Rules of Order* (Revised).
- d. The order of business to be transacted at all meetings shall be according to the printed agenda thereof, or in the event of the special meeting, in accordance with the notice thereof.

At any time during any regular or special meeting of the Board, upon the affirmative vote of two-thirds (2/3) of the entire membership and after the Chairman announces the general topic, the Board may adjourn into executive session for the purpose of considering any matters or topics enumerated in Section 24-6-402(3)(a)I through V, (3)(a) VIII, and (3)(b), C.R.S., as amended.

During any such executive session, only appropriate members of the Board and those persons invited by the Board to attend may be present. All discussion among those present and communications received during such executive session shall remain confidential.

- f. Members of the public who desire to address the Board at any of its meetings shall submit a written request to do so that indicates the subject matter of such to the Secretary at least ten (10) days prior to any regular meeting, one hour prior to any special meeting, and immediately preceding any emergency meeting. The Chairman shall have the right to waive the requirement that such request be written, and to deny any such request.
- g. Complete and accurate minutes of each meeting which shall constitute the official record of proceedings of the Board shall be promptly recorded and shall be made available for public inspection during reasonable hours. A written copy of the minutes for the last preceding meeting and for any special meetings held since the last regular meeting shall be furnished each member of the Board concurrently with delivery of the printed agenda for the next regular meeting.

1. "Full-time student" means the equivalent of the definition of full-time equivalent student used by the Joint Budget Committee of the General Assembly.
2. The Student Trustee shall take and subscribe to the oath or affirmation of office prescribed by the laws of the State before entering upon the duties of office.
3. If a vacancy of this office should occur for any reason whatsoever, such vacancy shall be filled for the remainder of the unexpired term in the same manner by which the Student Trustee was elected originally.

b. Eligibility for Elections:

(2) The term “faculty” includes only those professional personnel whose primary responsibility is to provide academic instruction on a full-time or part-time basis. The term “faculty” does not include professional personnel who are counselors, librarians, student service personnel, or other administrative professional personnel.

(3) The candidate must have achieved tenure status.

c. Electors: Only full-time faculty members of the College are eligible to vote in the election of a Faculty Trustee.

The term “faculty” must be defined as stated in the *Institutional Handbook*.

The candidate receiving the majority of votes shall be elected the Faculty Trustee. If no candidate receives a majority of the votes, the College will conduct a run-off election between the two (2) candidates receiving the highest number of votes, and the candidate receiving the majority of votes shall be elected Faculty Trustee. In case of a tie in the run-off election, the third runner up in the general election will be added to the run-off ballot, and the voting continued until one (1) candidate receives a majority vote. This process will continue by adding the candidate with the next-highest number of votes until a candidate is elected by a majority of votes.

Section 1.7: Scheduling of Board Meetings

Regular Meetings

The Board shall hold no fewer than six (6) regular meetings per year. Meetings are to be scheduled for the second Friday of the month as practical.

The schedule and location of Board meetings are to be approved annually at the June meeting of the Board. All amendments to the schedule require official Board action.

Seminar Meetings

The Board will hold at least one (1) seminar each year for the purpose of developing its knowledge of the College, its understanding of educational and management issues, and its proficiency as Trustees.

Section 1.8: Calendar and Schedule for the Submission of Agenda Items

An administrative calendar will be provided no later than August of each year. The Board requires the Cabinet to review and analyze all materials submitted for inclusion on a meeting agenda for suitability and completeness. The Board expects the Cabinet to submit the complete agenda to it in a timely fashion.

Section 1.9: Shared Decision-making

General Philosophy

Under the Board policies established by the Board and the role and mission approved by the Colorado Commission on Higher Education (the “CCHE”) and the General Assembly, the College has considerable flexibility and latitude to provide academic programs, to conduct research, and to serve the public. Another continuing Board objective is to facilitate inter-institutional program sharing, faculty development, student exchange, and resource improvement.

All policy recommendations in public higher education must be designed to offer outstanding opportunities for students to learn in environments that are conducive to their best possible educational growth.

In seeking ways of improving these learning environments, governing boards, administrations, faculties and others are obligated to communicate with each other and to exploit their natural inter-dependence in order to make maximum use of the resources available to them.

The Board reaffirms its policy of delegating to the President authority and responsibility for administering the College. As the chief executive officer of the College, the President must strive to gain a working accord with the Board, faculty, and students and provide effective leadership by eliciting optimal contributions from each individual and group to achieve success in the educational process.

Because an institution of higher education can warrant public trust only by a dedication to the advancement of learning, the highest commitment of the faculty must be to truth and the learning process. The determination of faculty members to be caring, competent experts in their fields is fundamental to the concept of professionalism.

Central to shared decision-making are the quality and intensity of the consultation process. Decision-making in an academic institution will vary according to the situation. In some instances, an initial exploration or recommendation will be made by the President with consideration by the faculty at a later stage; in others, recommendations will originate with the faculty, subject to the endorsement of the President and the Board; and in still others, a substantive contribution can be made when student leaders are responsibly involved with the President and the faculty.

Since the goal must be to achieve the broadest possible exchange of information and of ideas, clearly understood channels of communication must be established, observed, and maintained by all concerned.

College-Level Policy

In order to clarify its expectations for proper decision-making processes, the Board distinguishes between its own responsibilities for policy making and the College prerogatives for administration, procedures development, and operation. Thus, while it exercises restraint in imposing guidelines or procedures best left to the College, the Board does have certain expectations as a matter of policy.

1. To supplement the Trustees *Handbook for Professional Personnel* (the “*Handbook*”), the College is required to maintain an institutional handbook (the “*Institutional Handbook*”) which shall include policies and procedures required by the *Handbook* and such other supplementary matters needed to clarify terms and conditions of employment of professional personnel and to provide the information and direction necessary to enable them to meet their responsibilities effectively and efficiently. The *Institutional Handbook* must be submitted to the Board for approval.

2. Included in the *Institutional Handbook* shall be a manual defining the roles and responsibilities and method of selection of campus committees and organizations (faculty, student, and staff). When appropriate, the Board expects campus committees to be selected through the use of democratic procedures.
3. The College shall include in the *Institutional Handbook* a current organizational chart identifying administrative and academic units and their relationships. All changes in structure at the department, division, school, center, institute, or college level shall be submitted to the Board for action.
4. The classified and administrative staffs shall have appropriate and continuing access to decision-makers whose determinations have direct impact on their status and performance.
5. In view of the sensitivity accompanying the assessment and use of student fees, the President should consult with the student government on the level and allocation of such fees prior to submitting them to the Board for action.
6. In keeping with the Board's commitment to affirmative action, all screening committees should be broadly representative of the institution. The Board encourages and expects rigorous adherence to the principles of affirmative action, particularly as they apply to women and minority groups.
7. Institutional deliberations concerning long-range planning, educational policies, personnel policies, priorities, and other matters affecting faculty and students should include opportunity for participation by representatives of the faculty and student organizations. The mechanisms for such participation, however, should recognize the rapidly changing circumstances confronting the College and the requirement for timely decisions.
8. The Board expects an annual review of the functioning of shared decision making to be addressed in the annual evaluation of the President.

Section 1.10: Communication Between Professional Personnel and the Board and Between the College and External State Agencies

To enhance communication and to give prompt attention to problems, the Board urges that internal mechanisms for the expression of the views of professional personnel which respect clear administrative lines be established and maintained. Direct contact with the Board concerning campus issues without prior discussion with appropriate persons on the campus denies the opportunities for conflict resolution at the appropriate campus level. Parallel structures which confuse communication and which exclude or circumvent appropriate administrators without giving them an opportunity to address the issues are destructive of morale as well as contrary to common sense and the principles of good management.

Since access of professional personnel to the Board should be accomplished only through an orderly and open process, it is Board policy that individual faculty or administrators wishing to be heard by the Board at a regular meeting shall be required to submit a written request to the President of the College at least ten (10) calendar days prior to the meeting. Such a request must include specific details demonstrating either campus institutional processes have been exhausted or the matter is one which should be of direct concern to the Board without recourse to institutional processes.

It is Board policy that the President be responsible for communicating with the legislature, the CCHE, and other state agencies on a regular basis. The President may delegate authority to other College personnel the ability to provide official information directly to external state agencies.

Section 1.11: College Citizens' Advisory Councils

The Board endorses the concept of citizens' councils as advisory to the President and authorizes the establishment of such councils.

Section 1.12: Collective Bargaining

The Board has determined that collective bargaining is an appropriate process to engage in for the purpose of promoting harmonious and cooperative relationships between the Board and the faculty.

The Board has determined that in order to engage in any phases of the collective bargaining process, including a referendum and contract administration, adequate funds should be appropriated by the Colorado General Assembly for administering a collective bargaining process.

The Board formally disengages from any activities concerning collective bargaining until funds are appropriated by the Colorado General Assembly. If and when funds are appropriated for collective bargaining, the Board will reassess its position.

Section 1.13: Community and State Issues

The Board recognizes and appreciates the mutually supportive relationship between the College and the surrounding community of which the College is a part. The Board recognizes that there may be issues that may impact the College and/or the surrounding community. Although the Board desires to support the community whenever possible, the Board has determined that it will only take a formal position on issues that may be important to the success of the College, unless the Board determines otherwise by a majority vote of a duly constituted quorum of the voting members of the Board.

CHAPTER 2: ANTI-DISCRIMINATION

Section 2.1: Equal Opportunity and Affirmative Action Policy

III. Discrimination By or Against Persons Outside the Campus Community

- A. Agreements with Affiliates must contain provisions requiring Affiliates to comply with the letter and the spirit of all applicable State and Federal laws respecting discrimination and unfair employment practices. Illegal discrimination or retaliation by an Affiliate or an Affiliate's employee affecting any member of the Campus Community may result in remedial actions up to and including termination of the Affiliate's agreement with the College. Such allegations shall be reported to the primary College representative/contact person identified in the agreement ("College Representative") or the Affirmative Action Officer. The College shall investigate the credibility of the allegations and promptly notify the Affiliate of any credible allegations and request appropriate action. The College also shall promptly take any necessary remedial actions as appropriate.
- B. Allegations by an Affiliate that a member of the Campus Community has engaged in illegal discrimination or retaliation against any employee of the Affiliate shall be reported to the College Representative identified in the agreement. The independent investigator shall deliver a confidential written report to the Chair or Vice Chair, as appropriate. Necessary remedial actions shall be determined by the Chair or Vice Chair, as appropriate.

IV. Procedure for Campus Community Discrimination Complaints and Grievances

- A. Application. This procedure applies to allegations of discrimination or retaliation made by any member of the Campus Community against any other member of the Campus Community.

B. Time Limits

1. In order to fall within the jurisdiction of this policy, a Complaint, or Grievance must be initiated within ten (10) calendar days of the date on which alleged discrimination or retaliation occurred.
 - a. The Complainant/Grievant may choose to withdraw his/her Complaint/Grievance at any point.
 - b. The College will investigate all credible allegations of discrimination or retaliation as appropriate to the circumstances and may take remedial and/or disciplinary action if warranted by the available facts, even if the Complainant/Grievant declines to pursue resolution of the matter through this policy, or the Complaint/Grievance does not fall within the jurisdiction of this policy.
2. The Affirmative Action Officer may extend or shorten any time periods prescribed in this policy for good cause, including the ten (10) day time limit for filing a Grievance, but shall not permit unreasonable delay. It shall be the goal of the Affirmative Action Officer to bring most Complaints/Grievances to closure no later than thirty (30) days after the date of filing. The actual time required will depend on the complexity of each Complaint/Grievance.

C. Purposes of the Discrimination Grievance Procedure

1. To provide a mechanism for prompt and fair internal resolution of allegations of discrimination or retaliation by members of the Campus Community that is reasonably calculated to immediately end any discrimination or retaliation, remedy its effects and prevent discrimination or retaliation from occurring again; and
2. To provide a prompt and fair procedure for administering allegations of discrimination or retaliation by Campus Community members that violate this policy.
3. For allegations between or among Classified Staff alleging discrimination or retaliation, this Discrimination Grievance Procedure shall be construed as the grievance policy adopted by the College pursuant to Personnel Board Rules 8-3 and 8-8 and shall be in lieu of the Grievance Procedures set forth in Chapter 8 of the Department of Personnel Board Rules and Director's Administrative Procedures.

D. Protection of the Parties

1. It will be the Affirmative Action Officer's responsibility to keep the President closely informed about any and all Complaints and Grievances involving discrimination/retaliation that arise within the College. The Affirmative Action Officer will have final authority to decide all procedural matters and arrange for and coordinate all informal resolution efforts unless otherwise specified herein. These decisions are final, non-appealable and non-grievable.
 - a. Any reference in this policy to "The President" shall be read as "the Chair of the Board of Trustees" if the President is the subject of the Complaint.
 - b. "Affirmative Action Officer" shall be read as "the President's designee" if the President has

made such designation for investigation. The President may make such designation whenever he/she deems that the interest of the College would be best served, and shall make such designation if the Affirmative Action Officer is the subject of the Complaint/Grievance.

2. The President or supervisory personnel may take remedial action to protect the Complainant/Grievant and to prevent contact between the Complainant/Grievant and the Respondent during the pendency of the process. Any such actions shall be in addition to any remedial or disciplinary measure imposed by the process.

In accordance with the applicable procedures set forth in the *Western State College Student Handbook* or any applicable provision of a Graduate Program Handbook or Catalog that provides a process for temporary or summary suspension, the *Colorado State Personnel Board Rules and Director's Administrative Procedures*, and the *Western State College Handbook for Professional Personnel*, the President may impose administrative leave, temporary suspension or summary suspension, as appropriate, in conjunction with this policy.

3. Complaints and Grievances will be treated with discretion to protect the privacy of those involved. Participants in the Complaint/Grievance process, including parties, witnesses, employees, agents, students, confidential advisors, mediators or facilitators will treat all information and documents as confidential and will not discuss the matter with, or provide documents to, anyone except as necessary for the investigation and any subsequent proceedings, or as authorized or required by law. The process for resolving allegations of discrimination or retaliation is handled with discretion to protect the parties, but neither anonymity nor complete confidentiality can be promised.

Failure to observe these confidentiality requirements may be cause for discipline, up to and including termination of employment or expulsion from the College.

4. Participants in Discrimination Grievance Procedures should not be promised confidentiality beyond that stated herein.
5. Except for the failure of a Complainant/Grievant to attend an interview or discussion conducted pursuant to this policy, failure of any member of the Campus Community to cooperate with College officials in pursuing allegations of discrimination/retaliation may be cause for discipline.
6. The intimidation of, unauthorized contact with, or retaliation against any individual because of that individual's involvement in a Complaint/Grievance is a violation of College policy and may be the subject of a Complaint or Grievance under this or other College policies and may result in discipline.
7. Abuse of the Complaint/Grievance process is grounds for discipline. Abuse of this process includes fraudulent or bad faith allegations, knowingly false statements of fact or documentation, or otherwise behaving irresponsibly in connection with any part of a Complaint/Grievance.
8. A Complainant/Grievant who is a member of the Classified Staff may have a representative present at any stage in the Complaint/Grievance process and that representative may speak for him/her; however, the Classified Staff member is expected to participate in discussions. Other members of the Campus Community may be advised by a representative at any stage of the process but must speak for themselves.

E. External Processes

1. Those who believe they are victims of discrimination or retaliation may initiate outside legal action through private sources or the appropriate State or Federal enforcement agencies. These agencies are:

Office for Civil Rights, Denver Office

FAX (303) 894-7830
http://www.dora.state.co.us/civil-rights/complaint_process.htm

2. If an external complaint, grievance or charge is filed with an equal opportunity enforcement agency or in State or Federal court while a Complaint/Grievance is pending within the College and the complaints arise out of the same incident(s) or make similar allegations of discrimination/retaliation the College may discontinue the internal Complaint/ Grievance process. The College may nonetheless require an investigation of all credible allegations of discrimination/retaliation and take remedial/disciplinary action as appropriate even if the Complaint/Grievance process has been discontinued.

- F. Consolidation of Grievances. Multiple Complaints/Grievances may be consolidated if they arise from the same or similar facts and circumstances, or allege retaliation for bringing an earlier, still-pending Complaint/Grievance.

G. Informal Resolution Efforts

1. It is the goal of the College to provide prompt resolution of any Complaints/Grievances in a manner that ends any present discrimination/retaliation, protects against future discrimination/retaliation and remedies past discrimination/retaliation. To advance this goal, the College strives to resolve perceived discrimination/retaliation at the lowest level possible. Frequently, the most satisfactory process for resolving perceived discrimination/retaliation is informal discussion between the parties and appropriate administrators. Such discussions will

generally precede the filing of a written Grievance as defined under this policy but may also take place after the filing of a Grievance.

2. In informal resolution, affected employees, administrators, students, other parties, and/or outside facilitators will attempt to informally identify problems, to develop understanding, to reconcile differences and, if appropriate, to redress allegations of discrimination/retaliation. In order to facilitate this process, the Affirmative Action Officer may conduct a preliminary investigation of the situation. Upon approval by the President and consent of the parties, the Affirmative Action Officer may refer a matter to mediation for informal resolution. Informal resolution may be by-passed or terminated if the Complainant feels it is necessary to do so and provides written notice to the Affirmative Action Officer of his or her request to by-pass or terminate informal resolution.
3. The Complainant/Grievant, appropriate supervisory personnel or the Vice President of Student Affairs, the Affirmative Action Officer and if appropriate, other individuals who may facilitate communications will discuss informal resolution. The person(s) alleged to have engaged in discrimination/retaliation may be asked to join the discussion if the Affirmative Action Officer determines that it would be worthwhile and the Complainant/Grievant consents.
4. Any remedy arising from informal resolution efforts will be reduced to writing within seven (7) calendar days after the conclusion of informal resolution efforts. A remedy arising from informal resolution may consist of 1) an informal remedy determination issued by the appropriate supervisory level-employee or the Vice-President of Student Affairs after discussions with the Complainant and others; or 2) a written agreement between the Parties.
5. If a Complainant is dissatisfied by an informal remedy determination issued by the appropriate supervisory personnel or the Vice President of Student Affairs, the Complainant may, within five (5) calendar days after service of the informal remedy determination, proceed with a formal Grievance.
6. An agreement for informal resolution entered into by the Parties must be approved by the President and is binding, final, unappealable and non-grievable.
7. Even if a Complaint is withdrawn or never filed as a Grievance, the President may require further investigation and take appropriate disciplinary/Remedial action if appropriate.

H. Reporting

1. Process for an Employee or Volunteer to Report Discrimination/Retaliation. Any employee or volunteer who believes he/she has been discriminated against or retaliated against is encouraged to report the alleged discrimination/retaliation to the employee's supervisor, next level supervisor, or the Affirmative Action Officer.
2. Process for Student to Report Discrimination/Retaliation. Any student who believes he/she has been discriminated against or retaliated against is encouraged to report the alleged discrimination/retaliation to the Vice President of Student Affairs or the Affirmative Action Officer.
3. Duty to Report Discrimination/Retaliation. Any supervisory-level employee or faculty member who observes what he/she reasonably believes to be discrimination or retaliation, or who receives

- a Complaint making allegations of discrimination or retaliation by a member of the Campus Community must promptly inform the Affirmative Action Officer, or if the Complaint is against the Affirmative Action Officer, the Vice President of Finance and Administration. Any Student Assistant Residence Director or Resident Assistant who, in the scope of his/her duties, observes what he or she reasonably believes to be discrimination or retaliation against a student, or who receives a Complaint from a student making allegations of discrimination or retaliation by a member of the Campus Community must promptly inform the Vice President of Student Affairs or the Affirmative Action Officer. The matter will be referred for appropriate informal discussions as provided above.
- a. A supervisory-level employee, Faculty member or Student Assistant Residence Director or Resident Assistant who fails to report alleged discrimination or retaliation may be subject to discipline, up to and including dismissal.
 - b. A supervisory-level employee, Faculty member or Student Assistant Residence Director or Resident Assistant is not to attempt to independently investigate or mediate allegations of discrimination or retaliation, except that a supervisory-level employee may take steps necessary to issue an informal remedy determination under section IV.G.4.
 - c. If the person reporting discrimination/retaliation is someone other than the alleged victim, the Affirmative Action Officer, the Vice President of Student Affairs or his/her designee will ask the alleged victim(s) to confirm whether the reported conduct occurred. If the alleged victim does not confirm that the reported conduct occurred, the matter will not be pursued. If the alleged victim confirms that the conduct occurred, the alleged victim will be offered the opportunity to pursue resolution of the matter under this Procedure. If the alleged victim declines to pursue resolution of the matter through this Procedure, the matter shall be reported to the President who may require an investigation and take such remedial/disciplinary actions as he/she deems appropriate under the circumstances.
 - d. Even if a person reporting or acknowledging the occurrence of perceived discrimination or retaliation requests that no action be taken, the supervisory-level employee, Faculty member or Student Assistant Residence Director or Resident Assistant still must inform the Affirmative Action Officer or Vice President of Student Affairs of the alleged discrimination/retaliation. The supervisory-level employee, Faculty member or Student Assistant Residence Director or Resident Assistant should inform the person reporting the alleged discrimination or retaliation that the matter must be reported and that the process for resolving allegations of discrimination or retaliation is handled with discretion to protect the parties, but that neither anonymity nor complete confidentiality can be promised.
- I. Filing a Grievance. Any Campus Community member may file a formal written Grievance when he/she believes that he/she has been discriminated against or retaliated against, whether or not the matter has been reported in accordance with Section H. The Grievance must be filed with the Affirmative Action Officer or in the absence, unavailability or perceived conflict of interest of the Affirmative Action Officer, with the Vice President of Finance and Administration (for employees and volunteers) or the Vice President of Student Affairs (for students).
1. Step 1
 - a. The Grievant will file a written Grievance (using the Notice of Discrimination Grievance Form available from the College's human resources office) which shall include:

- i. the Grievant's name, mailing address, telephone number, and email address
 - ii. the identity of the Respondent(s)
 - iii. the type of discrimination or perceived reasons for retaliation
 - iv. a specific description of the facts and circumstances of the alleged discrimination/retaliation
 - v. the date(s) on which the alleged conduct occurred
 - vi. the identity of and contact information for any witnesses which the Grievant believes to possess information about the alleged discrimination/retaliation and a description of the information that each witness is believed to possess
 - vii. the signature of the grievant
- b. If the alleged discrimination/retaliation took place more than ten (10) days before the filing, the Grievant must also submit a statement showing good cause for not filing within the ten (10) day time limit.
 - c. The Affirmative Action Officer will determine whether the Grievance is within the jurisdiction of this policy.
 - d. Jurisdiction under this process is established when:
 - i. The Grievance is timely filed or good cause is shown for not filing within the 10-day time limit,
 - ii. The Grievant has submitted a sufficient written Grievance, and
 - iii. The Grievance sets forth facts that, if true, show reasonable cause to believe that a violation of this policy has occurred.
 - e. If the Grievance documents do not establish jurisdiction under this policy, the Affirmative Action Officer will serve the Grievant with written notice of this finding. The Grievant may request the President's review of a finding of no jurisdiction under this policy by submitting a written request for review to the Affirmative Action Officer within five (5) working days of the date of delivery of the finding.
 - f. The President's determination of jurisdiction shall be rendered as soon as possible after the President receives the request for review. The President's determination of jurisdiction is final. The Grievant will be provided with a copy of the President's determination.
 - g. If the Grievance establishes jurisdiction, the Affirmative Action Officer will deliver a copy of the written Grievance on the Respondent with the Grievant's address, telephone and email address redacted.
 - h. The Affirmative Action Officer will contact the Grievant to discuss options for informal

resolution. If the Grievant wishes to pursue informal resolution efforts, the Affirmative Action Officer will make the necessary arrangements and inform the parties.

- i. If the Grievant wishes to pursue informal resolution efforts, the formal Grievance procedure shall be suspended to permit the parties an opportunity to resolve the Grievance pursuant to Section IV(G) above.
- j. The Grievant may at any time terminate informal resolution efforts and proceed to Step 2.

2. Step 2

- a. Within five (5) calendar days after delivery of a copy of the Grievance or within five (5) calendar days after notice of termination of informal resolution efforts, if applicable, the Respondent will file a written response (“Response”) with the Affirmative Action Officer.
- b. The Response shall include:
 - i. a statement as to whether the facts supporting the conduct that forms the basis for the allegations are true, and
 - ii. an explanation of the circumstances surrounding any admitted conduct; and
 - iii. the names of witnesses, if any, who may have information pertaining to the Grievance, and a description of the information that each witness is believed to possess.

3. Step 3

- a. After receiving the Response, the Affirmative Action Officer will conduct an investigation to determine the facts. The Affirmative Action Officer will interview the Grievant, Respondent, and anyone that the Affirmative Action Officer determines is likely to have substantial, relevant information and gather any other evidence that he/she deems necessary.
- b. The interview provides the Respondent with an opportunity to be heard by a fair and impartial fact-finder and to explain, deny, or offer mitigating reasons. If the Respondent fails to attend an interview for reasons other than an unforeseeable emergency, documented to the satisfaction of the Affirmative Action Officer, such failure constitutes a knowing and voluntary waiver of this opportunity and the report may be rendered without Respondent’s input.
- c. If the Grievant fails to attend an interview for reasons other than an unforeseeable emergency documented to the satisfaction of the Affirmative Action Officer, the Affirmative Action Officer, in consultation with the President, may deem the Grievance withdrawn and discontinue the process. Even if the Grievance is deemed withdrawn, the President may require further investigation and take appropriate disciplinary/remedial action if appropriate.
- d. The Affirmative Action Officer will promptly prepare and deliver to the President (or the Hearing Officer, if the Respondent is a student) a written report summarizing the investigation that includes observations as to credibility of interviewees, a determination of whether any College policy was violated, and a recommendation for action, which may include remedial action or discipline. The President (or the Hearing Officer, if the

Respondent is a student) shall review the report and take action as he/she deems necessary. The President (or the Hearing Officer, if the Respondent is a student) may pursue discipline in accordance with the appropriate disciplinary procedure.

CHAPTER 3: PERSONNEL / WELFARE

Section 3.1: Honorary Degrees and Other Awards

1. Honorary Degrees

In accordance with 23-2-102(2) C.R.S., 1973, an honorary degree is intended to indicate that the person receiving the degree is learned in any field of public service or has performed outstanding public service or has demonstrated proficiency in any field of endeavor without having completed courses of formal instruction or study or formal preparation or training.

An honorary degree may be approved by the Board only after the President has submitted a recommendation which contains sufficient justification for the Board to make an informed decision about awarding the degree.

2. Awards Other Than Honorary Degrees for Persons Outside the College

The Board encourages the College to establish awards other than honorary degrees to recognize distinguished service or accomplishments by graduates of the College, by members of the academic community, by friends of the College, or by other persons outside the College.

Section 3.3: Standard Personnel Recommendation and Information Forms

Recommendations:

1. Initial appointments of nontemporary faculty and administrators
2. Awards of tenure
3. Conferral of emeritus status
4. Awards of honorary degrees
5. Sabbatical leaves

Information:

1. Appointments of temporary faculty and administrators
2. Faculty promotions
3. Leaves without pay
4. Administrative leaves longer than ten (10) days
5. Resignations
6. Nonrenewal of probationary faculty members
7. Termination of administrators
8. Denial of early tenure applications/offers of sixth-year terminal contracts
9. Transitional retirements
10. Final sabbatical leave reports

Other actions which require Board approval will be handled on a case-by-case basis.

Section 3.4: Discrimination and Violence

- I. Discrimination prohibited. The college will not tolerate discrimination against anyone (employees or students) based on race, color, religion, national origin, gender, age, disability, veteran status or sexual orientation (protected statuses), or based on opposition to discrimination or participation in complaint proceedings. The College prohibits and does not discriminate on the basis of race, age, color, religion, national origin, gender, sexual orientation, veteran status, or disability. The College complies with Titles VI and VII of the Civil Rights Act of 1964, the Civil Rights Act of 1991, the Education Amendments of 1972 (Title IX), the Age Discrimination in Employment Act, the Rehabilitation Act of 1973, the Americans with Disabilities Act, and Executive Order 11246, sections 24-34-301, C.R.S. *et seq.*

- II. Violence. The College has zero tolerance for violence. Any person who is determined, through investigation, to have committed violent acts or made threats of violence toward any employee, student, visitor or member of the public while on college property or while engaged in college business, college activities or college events conducted elsewhere will be subject to discipline, up to and including termination of employment or expulsion. Reports of violence, violent conduct, or threats of violence shall be reported to law enforcement authorities.

- II. Complaints & Duty to Report
 - A. Discrimination Complaints and reports of discrimination shall be addressed as provided in the Anti-Discrimination Policy in Section 2.2 of this *Policy Manual*.

 - B. Violence. The College strongly urges employees and students to report any violence to the Affirmative Action Officer, any member of the Human Resources staff, or any college officer. Supervisors or faculty members who observe violence or who receive a written or oral complaint making such allegations have an obligation to report the information to the Affirmative Action Officer. If the violence is related to discrimination or retaliation, as defined in the College's Anti-Discrimination Policy, the complaint, investigation, and any sanctions shall be in accordance with that policy. Other complaints of violence shall be addressed in accordance with the *Handbook for Professional Personnel*, *State Personnel Board Rules* or the *Student Handbook*, as applicable.

Section 3.5: Sexual Harassment

It is Trustee policy to maintain campus environments free from sexual harassment. Sexual harassment is regarded as unprofessional conduct or student misconduct, and the college shall take appropriate action against such behavior.

I. Sexual Harassment Is Prohibited

No college employee or student shall engage in sexual harassment or retaliation. Sexual harassment is defined as set forth in the Anti-Discrimination Policy in Section 2.2.I.16 of this *Policy Manual*.

II. Retaliation for Objections to Sexual Harassment is Prohibited

If the college is to achieve its goals of preventing sexual harassment and taking prompt corrective action when harassment is suspected or occurs, members of the college community must feel free to object to sexually harassing conduct that they have observed or experienced. They must also feel free to participate in harassment-related investigations and disciplinary actions by reporting the harassment, filing a college or external complaint, cooperating in an investigation, testifying, and providing tangible evidence of harassment. Overt or covert acts of retaliation (e.g., threats, reprisals, interference, restraints, penalties, discrimination, coercion, harassment) against any member of the college community because he or she has objected to sexual harassment or participated in harassment-related proceedings is strictly prohibited.¹ Retaliation remains strictly prohibited even if the college (or another tribunal such as a court of law or an enforcement agency) ultimately concludes that sexual harassment did not occur.

III. Abuse of the Complaint Process is Prohibited

This policy shall not be abused by bringing fraudulent or bad-faith charges of sexual harassment or retaliation. Disciplinary charges may be filed by the Affirmative Action Officer or other college official with similar responsibilities, on his/her own initiative, or at the request of the accused against any member of the college community, if the official finds that someone has intentionally made a materially false statement of fact, provided materially false documentation in support of an accusation of sexual harassment or retaliation, or otherwise behaved irresponsibly in connection with a harassment accusation or proceeding (e.g., by stealing or photocopying confidential documents). However, prosecutions for abuse of this policy shall not commence until the conclusion of the Affirmative Action Officer or other official's investigation and report, and after the conclusion of any sexual harassment disciplinary proceedings. Filing a charge of misconduct or threatening to file such a charge before that time may be considered evidence of retaliation.

IV. Implementation

The procedures for implementing this section and handling complaints of sexual harassment, retaliation, or other discrimination are contained in the College's Anti-Discrimination Policy, in Section 2.2 of this *Policy Manual*.

¹ Similarly, retaliation based on objections or participation in proceedings related to earlier acts of retaliation is strictly prohibited.

Section 3.6: Presidential Authority over Certain Personnel Matters

I. Delegated Powers. Under the authority granted to it by 23-5-117, C.R.S., the Board of Trustees delegates the following powers over professional personnel matters to the President. For the purposes of this section, “professional personnel” means professional personnel as defined in the *Handbook* and includes all personnel offered employment or employed as probationary faculty members, tenured faculty members, administrative personnel, administrative/regular personnel and temporary personnel as those expressions are defined in the *Handbook*. Board approval shall not be necessary to give effect to personnel actions authorized by this subsection.

The powers to suspend professional personnel in accordance with section 4.02 of the *Handbook* and to dismiss or nonrenew faculty members and regular/administrative personnel for cause in accordance with section 3.09 of the *Handbook*, is hereby delegated to the President. These powers shall be exercised in conformity with sections 2.10, 3.09, and 4.02 of the *Handbook*, and applicable institutional and Board policies, and shall include the authority to give all notices and take other actions which may be necessary to comply with such policies. However: (1) No faculty member shall be dismissed due to a reduction in force unless the Board has first authorized a reduction in force for one or more of the reasons listed in section 3.09 of the *Handbook* and approved the identification of the faculty members to be terminated, in accordance with section 3.09 of the *Handbook*. Once a reduction in force has been authorized by the Board, the College shall carry out the reduction in force, including notification of the faculty members to be terminated, in accordance with section 3.09 of the *Handbook*; (2) The Board retains the power to review and take action on initial decisions of hearing officers in all suspension, dismissal and nonrenewal cases (including dismissals due to a reduction in force) in which hearings before hearing officers are authorized by and timely requested and conducted under *Handbook* sections 2.10, 3.09, and 4.02.

II. No sub delegation. Unless authorized by the *Handbook*, institutional policies or other Board policies, the personnel powers delegated to the President by this section may not be sub delegated to subordinate officers or employees of the College. Policies or procedures providing for peer or supervisory review, evaluations or recommendations shall not in any event be or be deemed to be sub delegations of the powers delegated to the President.

III. Retained Powers. The Board retains the following personnel powers:

Section 3.10: Background Checks

Western State College of Colorado is committed to providing students with an outstanding education in a safe environment. To fulfill this commitment, careful selection procedures are necessary to hire qualified individuals. Background checks are an important part of a thorough selection process, reducing the risk of a poor hiring decision and helping ensure the college is a safe and secure environment for students, faculty, staff and visitors.

Western State College of Colorado conducts background checks on newly hired employees and on rehired employees in order to verify the information provided by candidates and to determine their suitability for employment. A criminal background check and a check of the National Sex Offender Public Registry is conducted post-offer for employees as described in the policy scope.

The college may also check candidates' professional, personal, and other employment related references, employment history and proof of required credentials. If job responsibilities dictate, post-offer credit and driving records of newly hired employees and rehired employees may be checked.

Offers of employment will be contingent upon the completion of an acceptable background check.

I. Scope

A. Criminal background and sex offender registry background checks apply to:

1. All faculty, administrators, and classified staff newly hired (post-offer). Personnel hired for less than a 15 day term of service may not be subject to a background check.
2. All faculty, administrators and classified staff rehired after a one year or more break in service. Personnel hired for less than a 15 day term of service may not be subject to a background check.
3. Independent contractors, depending upon their responsibilities on campus. Note that independent contractors and their regular employees or sub-contractors who are required to perform criminal record and sex offender registry background checks may be required to do so at the independent contractor's cost as a condition of their contract with the college.
4. Students employed in Residence Life, Campus Security and athletic camps, or students who have responsibility for the care, safety or security of students are subject only to screening through the National Sex Offender Public Registry.
5. Any employee subject to a criminal background check under the Key Policy.
6. Any employee whose job duties or qualifications specifically require a criminal record and/or sex offender registry background check.

B. Professional and personal references, employment history and proof of credentials background checks apply to all new employees.

C. Credit history and driving record background checks may apply to new hires (post-offer) only when qualifications for the job require or the job duties are reasonably related to the check. Unrelated to hiring, the college driving policy may also require driving record checks.

II. Responsibilities

- A. **Human Resources:** The Western State College Office of Human Resources is responsible for carrying out the procedures related to criminal background checks, National Sex Offender Public Registry checks, credit history checks and driving record checks on all employees of the College, as defined under the scope of this policy. This responsibility includes adherence to applicable laws, including, but not limited to the Fair Credit Reporting Act, § 24-5-101, C.R.S. and proper recordkeeping and retention of sensitive information. It is the responsibility of the Office of Human Resources to obtain a completed Acknowledgement and Authorization form from an employee/candidate before background checks are conducted. The college considers information received in response to a background check as highly confidential.

The Office of Human Resources shall include on its website and on the candidate information sheets a statement that Western State College of Colorado conducts background checks prior to employment and any offer of employment is contingent upon completion of an acceptable criminal background check.

It is the responsibility of the Office of Human Resources to obtain employees' official transcripts and/or licenses, as applicable, as proof of required credentials.

It is the responsibility of the Office of Human Resources to check professional and/or personal references for candidates in classified personnel system searches.

When a background check yields records that may affect hiring or rehiring decisions, the director of human resources in consultation with legal counsel, when necessary, and the appropriate vice president work together to determine the relevance of such information to the vacant position's responsibilities and the hiring decision.

Having a criminal history, a criminal conviction, or a motor vehicle violation does not necessarily preclude employment. The nature of the offense, the circumstances surrounding it and its relevance to a particular position are evaluated on a case-by-case basis. An evaluation shall consider, but shall not necessarily be limited to, the following factors:

1. Falsification of application material pertaining to the conviction(s).
 2. Date of conviction(s).
 3. Subsequent employment record.
 4. Length of college service and performance.
 5. Number and gravity of crime(s) committed and the nature of the crime(s) in relationship to the nature of the work to be performed.
 6. Potential opportunity, through possible abuse of work-related functions or situations, to cause financial or property loss or other harm.
- B. **Search Committees:** Search committees are responsible for checking professional and/or personal references for faculty and administrator candidates.

- C. **Appointing Authorities:** The appointing authority is responsible for making offers of employment for appointments within the scope of this policy contingent upon acceptable results of the background check.

Once an offer of employment is made, the appointing authority, in conjunction with the Office of Human Resources, is responsible for having the candidate/employee sign an Acknowledgement and Consent form to allow the Office of Human Resources to conduct a background check. The candidate will complete the form and give it to the appointing authority or designee directly. Individuals who fail or refuse to complete the form or who provide false or misleading information may no longer be considered a candidate.

Appointing authorities are responsible for the costs associated with conducting background checks.

Appointing authorities are responsible for consulting with the human resources office when considering the relevance of credit history and driving records to the vacant position's job responsibilities.

- D. **Campus Security:** The Office of Campus Security may be given joint responsibility with the Office of Human Resources in carrying out any of the background check procedures, to the extent permitted by applicable law.

Western State College of Colorado reserves the sole right to make the determination concerning the relevance of information obtained from a background check and the sole right to make employment decisions.

III. Sanctions for Violation

Violations of any provision of the background check policy, including but not limited to providing false information, may result in disciplinary actions, up to and including termination of employment. Failure to disclose convictions in the application process is deemed falsification of the employment application and shall result in termination of employment, if employed, after the effective date of this policy.

Section 3.11: High Risk Information Confidentiality and Disclosure Policy

Western State College of Colorado collects information from prospective and enrolled students and parents, employees and dependents, alumna and donors for administrative, management or business purposes. This policy establishes restrictions on the access, use and distribution of high-risk confidential information.

High-risk confidential information (HRCI) is defined as any combination of full name, SSN, date of birth, permanent address, driver's license number/passport/other government-issued identification number, credit/debit card number, bank information, personal medical information and academic records. This information, if maliciously obtained and misused, carries a high risk of causing personal, financial or reputational damage to its owner.

Access to HRCI must be limited to only those employees whose job responsibilities require it. HRCI is to remain confidential and must not be revealed to anyone who does not have the right to view or know the information. Unauthorized access to and use of HRCI violates College policy and state and federal statute and is not permitted.

Employees whose job responsibilities require access to HRCI must follow these acceptable use guidelines:

1. Use of such data shall be limited to the purpose required to perform college business.
2. Users must respect the confidentiality and privacy of individuals whose records they access, handle HRCI ethically, and abide by applicable laws with respect to accessing, using, or disclosing information.
3. Users must comply with all state and federal laws relating to information security and privacy.
4. HRCI may only be disclosed to individuals or entities on a need-to-know basis.
5. HRCI must be protected to prevent loss, theft, unauthorized access, unauthorized modification, unauthorized destruction, and/or unauthorized disclosure. Please refer to the policy on Data Protection and Security.

Through the course of legitimate business practices, HRCI may need to be disclosed and/or transferred to outside entities. Employees responsible for this disclosure or transfer of HRCI must follow the guidelines specified in Transmittal of Confidential Data. Contact the Information Technology Services department for information on these guidelines.

Employees whose position requires access to HRCI are required, as a condition of employment, to sign a confidentiality agreement or provide a signed acknowledgment of this policy.

Employees must immediately report to their supervisor any violations to this policy or incidents of misuse of HRCI.

Section 3.12: Data Protection and Security Policy

Western State College of Colorado collects information from prospective and enrolled students and parents, employees and dependents, alumna and donors for administrative, management or business purposes. This policy establishes requirements on data security and protection of high-risk confidential information.

High-risk confidential information (HRCI) is defined as any combination of full name, SSN, date of birth, permanent address, driver's license number/passport/other government-issued identification number, credit/debit card number, bank information, personal medical information and academic records. This information, if maliciously obtained and misused, carries a high risk of causing personal, financial or reputational damage to its owner.

Access to HRCI must be limited to only those employees whose job responsibilities require it. HRCI is to remain confidential and must not be revealed to anyone who does not have the right to view or know the information. Unauthorized access to and use of HRCI violates College policy and state and federal statute and is not permitted.

Employees whose job responsibilities require access to and use of HRCI must take steps to physically secure this information and must follow these guidelines:

1. Employees must take all steps necessary to ensure that HRCI displayed on computer monitors is not subject to unauthorized viewing by others. Such steps include, but are not limited to, minimizing application windows while in the office, locking the Desktop, closing applications and logging out of computers when out of the office.
2. Employees must ensure physical protection for all devices storing HRCI. When not directly in use, office and suite doors must be locked and any easily transportable devices not in the possession of the employee should be secured in locked cabinets or drawers.
3. Employees must limit the production of hard-copy documents containing HRCI to the extent practical. Hard copy documents containing HRCI must remain in secured locations on campus unless otherwise authorized by the president or overseeing vice president.
4. Employees must secure hard copy documents containing HRCI by maintaining a clean desk and locking such documents in secure, designated areas (such as a locked desk or file cabinet) when they are out of the office. If no locking storage areas are available, documents must be removed from plain sight.
5. Employees should supervise and protect incoming and outgoing mail collection points and fax machines so that unauthorized individuals do not pick up documents containing HRCI.
6. Employees must immediately retrieve documents containing HRCI from printers, or retrieve such documents at the printer using a password.

HRCI kept in electronic format should be stored exclusively in secured network drives and databases (e.g., Banner, document management system). Storage of HRCI data on any device, including but not limited to, desktop hard drive, laptops, PDAs, phones, USB Drives, CD/DVD, and diskettes is prohibited unless otherwise authorized by the president or overseeing vice president.

Devices with access to stored HRCI data must be password protected and locked or logged off when unattended. Employees must follow these guidelines for password protection:

1. Employees accessing password protected computing resources are required to use strong passwords that are difficult to guess or crack.
2. Passwords are not to be posted on, under or around a computer or in the workplace.
3. Employees must never provide their password to anyone else and never let anyone else use their computer account.
4. Passwords must be changed when there is reason to believe the password has been compromised.

All campus departments whose business practices require access to and use of HRCI must develop policies surrounding the retention and disposal of information that are consistent with state or federal law. All policies must be approved by the president's cabinet prior to implementation.

Employees must immediately report to their supervisor any violations to this policy or incidents of misuse of HRCI.

The College shall regularly conduct, or cause to conduct, assessments of data risk to improve the policies and procedures related to data protection.

CHAPTER 4: BUSINESS/FINANCE AND PHYSICAL PLANT

This includes appropriated programs, auxiliary enterprise funds, student activity fees, sponsored programs, gifts, contracts and grants, capital construction, controlled maintenance, and other funds.

All funds must be budgeted in conformance with instructions, guidelines, and formulas established by funding or coordinating agencies (e.g., the Colorado Commission on Higher Education, Office of State Planning and Budgeting and the Joint Budget Committee).

All funds must be reported or accounted for in conformance with generally accepted accounting principles and practices promulgated by the American Institute of Certified Public Accountants and the National Association of College and University Business Officers.

The expenditure of all funds must be audited in accordance with Colorado Revised Statutes, particularly 2-3-101 through 2-3-110 C.R.S., as amended, and in conformance with generally accepted auditing principles and practices.

The President is authorized to establish process, procedures, and timeliness in accord with such instructions, guidelines and formulas.

The President is responsible for the review, coordination, and external communication of all such financial information.

The President is charged with recommending fiscal year budgets annually for all funds to the Board for review and action. Periodic status reports shall be presented for Board review and action.

While the timeline and format of such presentation may vary, the schedule shall compare proposed tuition rates and structure and all fees with the previous year’s charges. Appropriate justification and support materials must accompany the presentation.

- B.** Actions regarding all student fees (new or modified) must be approved by the Board. The Trustees intend that the College consult with its student government in establishing rates and allocating funds related to student activity fees. Student fees cannot be used to support academic construction; nor should increased academic fees be used to minimize tuition rate proposals by shifting tuition increases to special fee increases.

The proposed distribution of funds among the various student activities and a comparison with previous year’s budgets will be submitted to the Board for review and action.

- C.** The Board is authorized to establish fees for the acquisition, construction and maintenance of parking facilities and debt service related thereto.

Only enrollment in courses that will benefit the State and enhance employees’ performance is authorized by this policy and the *Fiscal Rules*.

The College shall adopt procedures providing for review and approval by the President or a delegate of employee requests to enroll in instructional courses and job related training at no cost or at a reduced cost. Approval of any such request shall be in writing and must be received before the employee enrolls in the course or training. No request shall be approved unless the President or delegate concludes that enrollment in the course or training will benefit the State and enhance the employee’s performance.

Section 4.4: Delegation of Signature Authority

The President may subdelegate to appropriate College officials so much of his/her authority hereunder as will facilitate the efficient administration of the College. Subdelegations shall be in writing and shall clearly state the limitations on the authority subdelegated including the limitations set forth herein and any additional limitations deemed necessary or prudent by the President. Copies of any subdelegations shall be provided to the Board at the time of the subdelegation. A current record of all accounts, signatories and dates of presidential subdelegation shall be kept on file at the College.

All contracts, leases and rental agreements or amendments thereto shall be executed by the President or his/her subdelegate in the name of "The State of Colorado by and through the Trustees of Western State College of Colorado for the use and benefit of Western State College of Colorado." If necessary, the Chief Financial Officer of the College, in his/her capacity as deputy secretary of the Board, may attest the signature of the President or his/her subdelegate and affix the Board's seal to the instrument.

Pursuant to section 24-30-202, C.R.S. (2003) (as now or hereafter amended) and the State of Colorado Fiscal Rules (as now or hereafter amended), all contracts, leases, and rental agreements or amendments thereto executed by the President or his/her subdelegate which require the expenditure of state monies must be approved by the State Controller or his/her designee and, in certain cases, by the Attorney General's Office or other state agencies as required by law. Section 4.7: Guidelines, Review Procedures and Reporting Policies for the Provision of Goods and Services by Colorado Publicly Supported Institutions of Higher Education

I. Guidelines for the Provision of Goods and Services

A. Introduction

The primary mission of higher education institutions is to create and disseminate knowledge. To perform this mission, it is often necessary for institutions to provide, and charge fees for, goods and services that enhance, promote, or support their teaching, research, and public service functions. It is important, however, that institutions be mindful that the provision of goods and services may be in competition with private businesses, and remain sensitive to the interests of private businesses.

The purpose of these guidelines is to define the legitimate purposes of the provision of goods and services by institutions of higher education and to establish a mechanism for addressing complaints of unfair competition by private businesses. These guidelines were developed by CCHE in accordance with Section 24-113 C.R.S., in consultation with governing boards on each of the campuses under their control, and modified as applicable to the College by the Board, October 10, 2003.

B. Exclusions

In recognition of the teaching, research, and public service missions of higher education institutions, these guidelines shall not apply to the following situations:

1. instructional charges;
2. services provided in the experiential aspects of instructional and research programs;
3. services for fees in extracurricular or residential life programs, including residence halls, food services, athletic, recreational and cultural programs;
4. the provision of free medical services or equipment to indigent in association with a community service health program; or
5. public service radio and television stations licensed to a governing board or to an institution under its control.

C. Guidelines

It is appropriate for the College to provide and charge for goods and services to students, faculty, staff and invited guests, under the following conditions:

1. the good or service is authorized by statute;
2. the good or service offers a valuable educational or research experience for students as a part of their education;
3. the good or service fulfills the public service mission of the College.

D. Criteria for Provision of Goods and Services to Students, Faculty and Invited Guests

In determining the appropriateness of a good or service to the campus community, consideration shall be given to the following criteria:

1. whether the good or service is substantially and directly related to the instructional, research, or public service mission of the College;
2. whether the good or service is necessary or convenient for the campus community;
3. whether the intended use of the good or service is for students, faculty, staff, or invited guests rather than the general public. Invited guests are defined as persons who enter a campus for an educational, research, or public service activity, and not primarily to purchase or receive goods and services not related to the educational, research, or public service mission of the campus;
4. whether the price charged reflects the direct and indirect costs and overhead costs of the good, as well as the price in the private marketplace;
5. whether in establishing the price of the good or service, consideration was given to the price in the private marketplace; and
6. whether there is a demand by the general public for the good or service.

E. Criteria for Sales to the External Community

In assessing the validity of providing goods or services to the external community, both of the following criteria must be met:

1. The good or service represents a resource that is directly related to the College's educational mission, not commonly available or otherwise easily accessible, and for which there is a demand from the external community; or the goods or services are byproducts of the College's instructional, research, or public service activities; or the College has specific statutory authority to sell the good or service; or the good or service is produced from the business-like management of the assets of the College for the exclusive benefit of the College; and
2. The price charged is sufficient to recover the full costs, including both direct and appropriate indirect costs, of the good and service. The price of such items in the private market place shall be taken into account in establishing the price or fee.

F. Circumvention of Guidelines

The College shall not provide goods, services or facilities for or through another state agency or unit of local government if providing them directly would violate these guidelines.

II. Guidelines for Grievance Review Procedures

In the event that the provision of a good or service by the College is perceived to be in competition with a privately owned business, that business shall be provided the opportunity for a hearing of such complaint according to the following guidelines:

1. The complaint shall first be heard by the President of the College or his designee.
2. If resolution is not reached as a result of the initial review by the President, appeal may be made to the Board.

III. Reporting Procedures

1. The Board shall submit, by February 1 and August 1 of each year, semiannual reports to CCHE regarding the outcome of grievances reviewed pursuant to the procedures established in accordance with Section II of these guidelines.
2. The CCHE shall report annually to the Governor and the General Assembly as to the implementation of the grievance review procedures.

Section 4.8: External Communication on Financial Matters

All communication on financial matters with external agencies, individuals, or groups will be the responsibility of the President. Unless specifically requested to do so, College personnel are not to provide information directly to external agencies but rather must submit it to the President's Office. When responding to such requests, the College shall provide copies of both the request and the proposed response to the Board in a timely fashion.

The President of the College or her/his designee will be responsible for transmitting all budget requests to state agencies (e.g., budget request for appropriated programs, supplemental requests, capital construction, controlled maintenance, etc.).

When a contract requires approval by the Attorney General prior to execution, requests for action shall be made by the President or her/his designee.

Section 4.9: Enrollment Reporting

Student FTE enrollment shall be reported according to the requirements of *Guidelines for Reporting FTE Enrollments for Statewide Budgeting* adopted and amended by the CCHE.

The President or his/her designee shall develop and verify all required data and shall be responsible for transmitting all such college enrollment data to external agencies (e.g., CCHE, OSPB, Joint Budget Committee, etc.).

Section 4.10: Official Expense Allowance for Travel for Board and College Staff

Consistent with *Fiscal Rules* of the State of Colorado (Chapter 1, Section 1), all official travel by Board members must be for the benefit of the State. All travel should be completed at the most economical and reasonable cost.

Out-of-State Travel

The President shall be responsible for granting prior written authorization for all out of state travel for the Board members and the College staff. The Out of State Travel Request and Authorization form should be submitted with the travel reimbursement voucher.

Rental or Lease Car

Authorization to rent or lease a car from a private concern will be granted only by the President or his or her authorized designee. Renting or leasing a car should occur only when no state vehicle or privately owned vehicle is available or practical to use.

Types of Expenses That Are Reimbursed

Receipts are required except where specified below:

1. Registration fees for conferences and seminars;
2. Official telephone calls;
3. Commercial transportation costs;
4. Mileage for use of private vehicle (no receipt required);
5. Rental car cost;
6. Tips fifteen percent (15%) maximum;
7. Lodging;
8. Meals (receipts required only if charges exceed amounts authorized by state Fiscal Rules), and tips to be included; and
9. Other appropriate expenses.

Section 4.11: Insurance Plan for Life, Health, and Long-term Disability

The College shall have an insurance plan for life, health, dental and long term disability. All professional employees on contract for 0.50 FTE or more in a fiscal year are eligible and required to participate in the insurance plan for life, health and dental coverages. Participation in the plan's long term disability coverage is required for all professional employees on contract for 0.50 FTE or more in a fiscal year and hired on or after July 1, 1969, and coverage is elective for such employees hired before that date.

Some or all of these coverage requirements may be waived for religious or military reasons, or if the employee has coverage from another source.

Board of Trustee members, acting individually, may elect to participate in the system-wide life and health group insurance plan at their own cost.

Persons who retire from the College may, upon retirement, elect to participate in Trustee-endorsed retiree life, health and dental plan(s), if offered, subject to the conditions governing their participation in that plan.

The Higher Education Insurance Benefits Alliance is responsible for administering and managing the group insurance plans and recommending to the Board of Trustees rates, benefits and sources of funding as part of the operating budget setting process. While the timeline and format for presentation may vary, the funding for such plans should be included as part of the annually approved fiscal year budget.

Section 4.12: College Foundation: Acceptance and Management of Gifts and Donations

It is Board policy that the College shall establish and operate a nonprofit, independent corporate foundation (the “Foundation”) for the purpose of accepting, controlling, and managing funds and other gifts received as donations to the College. Articles of incorporation are to be reviewed by the Board and kept on file in the President’s office.

Gifts to the Foundation and expenditure of Foundation funds must be consistent with the role and mission of the College and must contribute to institutional goals and objectives.

Any gift or activity funded through the Foundation that requires or is likely to require, the use of state appropriated program funds must have prior approval of the Board. In addition, consistent with 23-1-106(8), C.R.S., as amended, any acquisition of real property by a state supported institution of higher education which is conditional upon or requires expenditures of state-controlled or federal funds, whether acquisition is by lease, lease-purchase, purchase, gift, or otherwise, shall also be subject to approval by the CCHE.

The Foundation shall submit, by October 1 of each year, an audit report and a written annual report to the Board which shall include:

1. a statement of sources and uses of funds for the prior fiscal year; and
2. a report of projects funded by the Foundation in the prior fiscal year.

Section 4.13: Naming of College Buildings

The Board shall approve the names of all College buildings.

Section 4.14: Approval of Memorials (Fountains, Monuments, Buildings, etc.)

All proposals and plans for the construction of memorials which require the expenditure of funds from any source shall be submitted to the Board for review and action. Subsequently, the project shall follow the standard capital construction approval process.

Section 4.15: Ceding Authority to Regulate and Control College Driveways

Ceding of authority to regulate and control college driveways shall be accomplished by formal action of the Board. The following resolution format shall be used:

RESOLVED: That the Trustees of Western State College, with the concurrence of the City of Gunnison, hereby cede jurisdiction to the municipality of Gunnison, Colorado, to regulate and control the use of the driveways on the Western State College campus; provided that such jurisdiction shall not be deemed to convey the right, title, or interest in said driveways; and provided further that such jurisdiction shall extend only to the use and control of said driveways; and provided further that the Trustees reserve the right to revoke powers hereby granted, as provided by statute. A driveway necessarily includes all areas which are adjacent to and adjoining that part used for vehicular travel and which are essential for parking purposes and includes all sidewalks used for fire protection lanes.

Section 4.16: Fire and Safety Inspection Reports

The College shall appoint an administrator who is responsible for safety and for fire inspections. This officer shall be responsible for compliance with state and local building and safety codes.

Quarterly fire and safety reports, including descriptions of necessary corrective action, shall be submitted to the President on September 30, December 31, March 31, and June 30.

Section 4.17: Use of Tax-free Alcohol on the College Campus

The College shall be permitted to procure and use tax-free alcohol for instructional purposes provided such procurement and use are in strict compliance with the Colorado Beer Code § 23-46, C.R.S., and the Colorado Liquor Code, § 23-47, C.R.S. The President shall be responsible for the proper acquisition and use of alcohol and shall have the authority to delegate to appropriate individuals on the campus the authority to sign the necessary applications and documents for licenses and requisitions.

Section 4.18: Processing Surplus Property

The College is authorized to process property through the Colorado Surplus Property Agency. The President is delegated the authority to designate authorized representatives to obligate funds and obtain property from the Colorado Surplus Property Agency, upon and subject to the terms and conditions set forth in Issue Sheet, Form F-14 SPA, of the Colorado Surplus Property Agency.

Additions to or deletions from the list of authorized representatives shall be forwarded immediately to the Colorado Surplus Property Agency.

Section 4.19: Criteria for Approval of Tax-Sheltered Annuity Programs

The College will extend to its employees as a benefit, the administration of a payroll deduction tax-sheltered annuity plan in accordance with the Internal Revenue Service Code, 403(b). This plan will be administered by the Vice President for Administration and Finance, who shall be known as the Plan Administrator.

A. Vendor Selection, Authority and Monitoring

1. Selected companies will be authorized to provide tax-sheltered annuity and investment products that conform to Internal Revenue Code Section 403(b) requirements. Additional vendors may be added from time to time by the Board.
2. Changes to the list of authorized TSA vendors will be determined by the Plan Administrator, as deemed necessary, who will inform the Board of any changes before they become effective.
3. Companies selected as Fund Sponsors for the Board's Defined Contribution Pension Plan may, during the terms of their contracts as Fund Sponsors, be considered Authorized TSA Vendors, provided they comply with the same standards as other vendors (including entering into an administrative contract as specified in Section B below), except that they need not participate in the competitive bidding process in Section A.1 above, which will be considered as having been done by being selected as a Fund Sponsor.
4. Only Authorized TSA Vendors will be allowed to solicit employee participation in a 403(b) payroll deduction program at the College. Solicitation will be governed by Section C. below.
5. The Plan Administrator will periodically review the financial stability and fund management practices of each of the authorized vendors and report to the Board the results of the review. The Plan Administrator may choose to terminate an administrative contract based on the findings of the review.
6. The Plan Administrator is authorized to suspend an administrative contract at any time if it appears that the funds invested in the accounts of an authorized vendor are in substantial jeopardy.
7. Notwithstanding the monitoring activities specified in paragraphs 5 and 6 above, each employee participant will be informed that the Board provides this tax sheltered annuity program as a service to its employees and does not guarantee any specific level of financial performance.

B. Administrative Contract Required

In order to qualify as an Authorized TSA Vendor pursuant to Section A above, the company must enter into a formal administrative contract ("Contract") with the College. This contract, which must be signed by an authorized officer of the company, will stipulate, *at a minimum*, the following:

1. All products sold to College employees meet the requirements of Section 403 (b) of the IRS Code.
2. Front-end loads or charges will be limited to a fixed amount or percent as stipulated in the Contract.
3. If a front-end load is not charged, a back-end or surrender charges may be used but will be limited to a fixed amount or percent as stipulated in the Contract.
4. Yearly account maintenance fees, if any, will be limited to a fixed amount or percent as stipulated in the Contract.

5. Product contracts must allow for increases and decreases in premium payments (salary reductions) without penalty to the participant.
6. The College will be indemnified from suit and from liability arising from actions and/or inactions either of the Authorized TSA Vendor or its agents, or the employee-participant.
7. Authorized TDA Vendors will be required to supply the Plan Administrator financial reports, transaction information, sample annuity contracts or certificates, advertising and promotional materials, upon request or on a routine basis.
8. Failure to comply with the provisions of the Contract, misstatement of fact, misrepresentation to employees or employer, mismanagement of employee accounts, or any other actions deemed not to be in the best interest of participants or the College, that do not comply with the IRS code, or that may jeopardize the participant's equity beyond the normal risks of any investment, may be cause to suspend or terminate the Contract.
9. Authorized TDA Vendors will assist participants in executing a College's Salary Reduction Agreement (SRA) when required by the College or the IRS, and vendors will prepare a Maximum Exclusion Allowance analysis when required by the College. Prior to the executing of an SRA, authorized TDA vendors will prepare a Salary Reduction Contribution Limitation Analysis (SRCLA) which takes into consideration the impact of the employer match discussed in Section F below as well as all relevant variables that determine a participant's maximum tax deferral for the year. This analysis will be summarized on a form provided by the Administrator. The completed SRCLA Summary Form must proceed or accompany the SRA.

C. Solicitation

Solicitation of new business will be limited by the following:

1. The Authorized TDA Vendor will not conduct solicitation during normal business hours time on College premises. This does not preclude visiting an employee on campus by appointment during the employee's free time, or during college-sponsored events such as benefits fairs.
2. The Authorized TDA Vendor will not have more than two (2) representatives authorized to solicit the employees of the College. These representatives' names will be registered with the Human Resources Office of the College.
3. Mass telephone solicitation of any kind will not be permitted. Telephone secretaries, professional calling services, professional appointment secretaries, or any other mass calling systems are not authorized. Only the registered account representatives, working on a referral basis, may make telephone calls for appointments.
4. Mailings to employees will be subject to the College's policies regarding distribution of mailing lists and use of campus mail.

D. Payroll Deduction Procedures

1. All payroll deductions for 403(b) TDAs must be continued or initiated by the completion of a Salary Reduction Agreement (SRA).

2. New SRAs, changes and terminations are to be completed and filed with the Human Resources Office no fewer than five (5) business days before the payroll completion deadline established by the College.

F. Implementation of Employer Match for some TDA Contributions

In accordance with 24-51-408.5 CRS, beginning January 1, 2001, TDA Participants who are Active Members of PERA may have their voluntary salary reduction amounts matched to the extent established annually by the PERA Board. It is the Board's intent to implement this employer match in a manner that ensures these TDA participants can benefit fully in the maximum employer match allowed, while at the same time ensuring that no Participant exceeds the maximum amount of salary reduction permitted under the IRS Code. Pursuant to this intent, the following policies and procedures are adopted, effective upon Trustee approval.

1. Any employer match must be invested with the same Authorized TDA Vendor in the same investment options as the employee contributions which are being matched.
2. The Authorized TDA Vendor will include the maximum allowed employer match amount in the calculations used to develop the Salary Reduction Contribution Limitation Analysis (SRCLA). If this analysis shows that the maximum employer match would result in the employee's exceeding his salary reduction maximum for the Trustees' Plan.
3. Over-deferring. The employee will adjust his salary reduction to conform by either lowering the amount or shifting a sufficient amount of the salary reduction to another authorized employer TDA Plan.
4. In each case where the employer match could result in an over-deferring situation as described above, the Authorized TDA Vendor will notify the Human Resources Director, in writing, immediately. In these cases, the employer is authorized, and hereby directed, to reduce the employee's salary reduction to an amount that is equal to the maximum allowed employer match until such time as the employee corrects the possible over-deferring situation.

Section 4.20: Leases of Real Property

Any acquisition or use of real property by a state-supported institutional of higher education which is conditional upon or requires expenditures of funds shall be subject to the approval of the CCHE, whether acquisition is by lease, lease-purchase, purchase, gift, or otherwise. The Board has the responsibility and authority to review and approve the acquisition of real property secured through lease rental agreements or otherwise in accordance with the policies established by the CCHE. This policy applies to the acquisition of real property regardless of its planned use (e.g., instructional, public service, institutional support, academic support, etc.).

“Real property” is defined as land, and generally whatever is erected or growing upon or affixed to land.

The Board may delegate to the President authority to review and approve leases of real property for which the total cost of the lease is One Hundred Thousand Dollars (\$100,000) or less and if the lease is for three (3) years or less. Administrative approvals must be reported to the Board annually in June.

Lease, rental, or other real property use agreements executed prior to the effective date of this policy shall not be construed as invalidated.

Section 4.21: Defined Contribution Pension Plan

The Board may create a Defined Contribution Pension Plan (“DCPP”), pursuant to § 24-54.5, CRS. The conditions, restrictions, and operation of the DCPP are to be specified in the Plan Document.. The Plan Administrator shall be the College’s Vice President for Administration and Finance, who is authorized to implement the DCPP.

The DCPP shall operate as a qualified retirement plan under Section 401 (a) of the Internal Revenue Code, and is a “governmental plan” as defined in Internal Revenue Code Section 414 (d).

The Plan Document may be amended from time to time by the Trustees. A copy of the Plan Document shall be maintained in the President’s Office at all times.

DCPP Participation Criteria

A. Participation in the DCPP will be required for the following classes of employees:

1. Faculty and contract administrators who are exempt from the state personnel system and who have an employment contract of 0.5 FTE or greater and, upon their initial appointment with the Trustees, (a) were not permitted to elect membership in the Colorado Public Employees Retirement Association [PERA], or (b) were permitted to elect membership in PERA and elected to participate in the DCPP instead.
2. Employees who have been DCPP Participants in the past, but have a less-than-0.5 FTE contract.
3. PERA retirees and PERA Transitional Retirees who have 0.5-or-more FTE contracts and have not suspended their PERA retirement benefits. (See footnote for effective date.)
4. DCPP retirees and DCPP Transitional Retirees with 0.5 or more FTE contracts. (See footnote for effective date.)

B. Participation in the DCPP shall not be allowed for the following employees:

1. Classified State Employees.
2. Faculty on a per-credit-per-term contract.
3. Faculty and contract administrators who are exempted from the State Classified System, who are on a less-than-0.5 FTE contract, and have NEVER been DCPP participants.

Section 4.22 College Officer Titles

For purpose of exemption from the State Personnel System some of the professional staff members of the College, pursuant to Article XII, Section 13 (2) of the State Constitution and § 24-50-135 (a), C.R.S., the following position titles are eligible to be designated as “Officer of the College.” It is the intention of this policy to allow but not require that the College designate positions with these titles to be College officers. It is also the intention of this policy to allow a position to have a “working title” that is different than its official title.

Section 4.23: Debt Management

The College may incur debt financing for a variety of reasons. Most commonly, debt is used to pay for capital construction and capital improvements over a period of time rather than pay for these improvements at the time of purchase or acquisition. However, there are other reasons for borrowing besides the financing of facilities, for example, the need for working capital or to finance an entrepreneurial activity.

Debt management includes many forms of debt financing and refinancing. There are also different sources of funds for the financing of facilities. The capital markets are probably the primary source of debt financing for the College, but gifts and investments may also be a possible source of funds. Nonetheless, they all involve certain financial responsibilities and, at the same time, potential risk. This policy provides guidelines which the Board will use in the consideration, implementation, issuance, and use of external new debt or refinancing of existing debt.

I. Initial Bond Issues

A. Contemplated Debt Requirements

Preliminary considerations of contemplated bond issues and debt requirements should be discussed at the President's Cabinet meetings.

B. Preliminary Analyses

Preliminary analyses will be provided by college staff members to the President and will include, but will not be limited to, the following:

- Existing debt service requirements;
- Purpose, goals and objectives of contemplated debt;
- Financing alternatives and revenue sources;
- Debt capacity analysis;
- Schedule and timing of debt acquisition and use;
- Market conditions; and
- Cross pledging among funds.

C. Preliminary Discussion for Proceeding with Debt Financing

If the above analyses appear to favor the seeking of debt financing, a preliminary discussion agenda item will be prepared for the Board and the appropriate College staff. The Board can approve (or disapprove, postpone or table) this preliminary proposal. If the proposal is approved, the Cabinet (with help from the College staff) will oversee a Request for Proposals ("RFP") process to select an outside investment banker to structure the financial arrangements for the debt financing. Bond counsel, if necessary, will also be selected for the implementation of the debt financing.

D. Outside Approvals

A program plan, if and as required by CCHE, will then be assembled. The Board must approve the program plan before it is submitted to CCHE. Other necessary approvals will be obtained to proceed with the plan. These approvals may involve, but not be limited to, some or all of the following agencies and/or constituencies: the General Assembly (or corresponding committees); the CCHE; the Attorney General ("AG"); the Division of Purchasing; and, the student body of the College.

E. Financial Plan

After program plan approvals have been obtained and external financial and legal advisors have helped the College formulate a financing strategy, a financial plan will be developed. The options considered in developing the financial plan should include, but not be limited to, the following:

- Lowest possible interest rates;
- The cost of issuance;
- The debt financing mechanism;
- The term of the debt;
- Acceptable projections for meeting debt service requirements;
- Repair and replacement and other reserve requirements;
- Insurance and surety bonds;
- Current and possible ratings for bond issuance;
- Ability to meet reasonable operating expenses after debt service and other requirements; and
- Funding options for issuance costs.

This financial plan, along with a discussion of the options considered, will be presented for review and approval by the Board of Trustees and may be, if required, subsequently submitted to CCHE. The Board may, at this time, approve the issuance of bonds or the continuation of the particular debt financing structure selected. Early Board approval will be particularly helpful when market conditions are volatile and unpredictable or the timing is critical.

F. Policies over the Life Cycle of Debt Instrument(s)

Within six (6) months after the issuance of debt, the College will submit to the Board an initial report and include a plan which addresses the following issues:

1. Closing of the debt instrument:
 - Final interest rate;
 - Premiums, discounts and costs of issuance; and
 - Insurance.
2. Debt service reserve.
3. Covenant and other reporting requirements.

II. Refinancing of Existing Debt

According to federal law, tax-exempt revenue bonds issued after 1986 can only be refinanced one (1) time in advance of the call date. The call date is the first date when the bond can be paid off in full -- usually ten (10) years after the date of issue (on a twenty (20) or twenty-five (25) year bond). It is therefore essential that the institution and the Board receive maximum benefits from this single refinancing opportunity. Only the Board has the authority to refinance debt for the College.

A. Preliminary Analyses

Preliminary analyses will be provided by the College staff to the President and will include, but will not be limited to, the following:

- Reason for seeking re-financing;
- Savings, cash flow, or increased funding;
- Method of calculation; and

Revised debt service, reserve, and insurance requirements.

B. Proceeding with Re-Financing

Subsequent procedures for proceeding with the refinancing of existing debt will parallel the procedures for issuing new debt, and will require all the full analyses usually required for the issuance of new debt financing.

Section 4.24: Reporting Requirements for Tax Exempt Debt

Any tax exempt debt, including bank qualified, incurred by the College must be approved by the President or his or her designee, prior to the issuance of the debt instrument (e.g. bonds, lease purchase agreements, etc.). This action shall be reported to the Board as an information item at the next scheduled regular Board meeting.

Section 4.25: Reserve Policy for the Education and General (E&G) Fund

The Board recognizes the importance of maintaining a reserve to safeguard against unforeseen fiscal emergencies. The Board also recognizes the importance of utilizing the College's financial resources to the maximum benefit of the College's students, faculty, and staff and the State of Colorado. Accordingly, the Board establishes this policy on reserves for the educational and general (E&G) fund.

The College shall have as its goal the maintenance of a reserve equivalent to fifteen percent (15%) of the budgeted E&G revenue net of the scholarship allowance for the then-current fiscal year (the "Reserve"). This reserve goal shall be periodically reviewed and adjusted by the Board in its discretion.

The President is hereby delegated the authority to utilize the Reserve within the spending authority parameters delegated to the President in Section 4.4 of this *Policy Manual* unless:

- A. The College has not achieved the Reserve; or
- B. Spending would drop the Reserve balance below the range stated in this policy; or
- C. Spending from the Reserves would result in a commitment to ongoing costs or expenditures.

If any of the above conditions exist, Reserve spending must be approved by the Board prior to any Reserve expenditure.

If the College cannot establish or maintain a Reserve, the College shall develop a plan to achieve a Reserve. The plan shall be reviewed and approved by the Board, and shall not extend beyond three (3) years.

For the purposes of this policy, Reserve is further defined as the fiscal year-end fund balance within the E&G fund, before recognition of the compensated absence liability.

CHAPTER 5: ACADEMIC AFFAIRS

Section 5.1: Academic Planning

I. Introduction

Colorado Statute (C.R.S. 23-1-108) and CCHE Policy (I.O.) require that academic planning occur on all campuses. CCHE policy specifies that “each higher education governing board shall ensure that all institutions under its authority have appropriate planning processes established, that have developed planning documents, and that incentives have been established for placing planning documents into use.” The CCHE policy requires governing boards to report on academic planning by the last working day of January of each year.

II. Process

The College is required to develop for Board approval the following documents:

- A. An academic master plan. The master plan should reflect State and Board goals and priorities as well as institutional goals and priorities. An essential component of the master plan shall be an analysis of all academic programs at the College. This analysis should include the program’s relative status on such measures as: program productivity (graduates, student credit hours, majors, service role, etc.); the centrality of the program to the College’s role and mission; and, the College’s overall assessment of each program’s immediate and future status. The master plan will be used for the purposes of resource allocation and reallocation, program enhancement/restructuring/reduction, and in the planning processes for technology and facilities on the campus.
- B. A set of institutional goals and objectives related to the academic master plan which provides a framework for implementing the academic master plan. These goals are to be updated and evaluated annually and submitted with relevant budget narratives.
- C. An annual report on the implementation of the academic planning process during the preceding academic year. After review by the Board this report will be forwarded to the CCHE on or before the last working day in January. The report shall include the following:
 1. planning initiatives under consideration;
 2. potential new academic programs;
 3. possible program discontinuances;
 4. proposed responses to specific issues raised in the Statewide Master plan;
 5. initiatives planned to promote diversity;
 6. significant changes to previous academic plans.

Section 5.2: Approval, Modification and Discontinuation Procedures for Degree and Submajor Programs

I. New Degree Program Approval

The College is expected to keep the curriculum current by eliminating obsolete programs and introducing needed programs. Proposals shall first be reviewed and approved within the institution using normal procedures for curriculum approval. The proposal shall then be reviewed by the Board prior to submission to the CCHE.

The College will develop Program Proposals when it has determined the need to add a new program. The Program Proposal must clearly address the issues designated to the Board by CCHE Policy (Section I, Part B) including quality, capacity and cost-effectiveness. The formats for the Program Proposal will be as follows:

1. Provide a brief abstract describing the proposed program.
2. Provide a description of program goals.

 - c. Describe the program of assessment of student outcomes that will be utilized for the proposed program.
 - d. Include a brief description of the results of the peer review process by the governing boards of other Colorado institutions of higher education, and append any formal responses.
10. Resource Issues:
- a. Provide enrollment projections for the program for the first five (5) years as indicated in Table 1 of Appendix B of CCHE Policy I-B.
 - b. Provide physical capacity estimates for the proposed program as indicated in Table 2 of Appendix B of CCHE Policy I-B.

- a. Does the college have a companion undergraduate program to this graduate program? If not, why not? If yes, describe this undergraduate program in terms of size and maturity and how it will provide a strong foundation for the graduate program. Include in this discussion any accreditations the undergraduate program has. How will the College mitigate any potential adverse effects on the undergraduate program resulting from offering a graduate program?
 - b. How could the surrounding community and immediate service area be used to provide opportunities for graduate student fieldwork (when appropriate), and to provide resident graduate faculty opportunities for research and service?
 - c. What funding opportunities will be available to support graduate assistantships and fellowships? Will these opportunities be sufficient to establish a core of full-time, resident students?
12. Provide any other relevant information that will help illuminate the review and approval process.

II. New Submajor Program Approval

A. Definitions

1. **Submajor Program:** Any academic program other than a major degree program such as a minor, option, area of emphasis or an area of concentration. This is a set of courses constituting a non-major program which is identified as such in the College *Catalog* and, upon successful completion, is often listed on student transcripts. Teacher licensure (certification) programs will also be considered submajor programs.
2. **Substantive Change:** Any change in an approved program that affects credit hours for program completion and/or a change in title of the program.

B. Process

1. The College may request the approval of submajor programs at any time. The request for approval must include statements addressing each of the elements listed in item three (3) below.
2. The Board has authority to render a final decision regarding the approval of program modifications or the implementation of a minor, option, area of emphasis or concentration and teacher licensure (certification). The Board may wish to receive testimony from interested parties or to consult with individuals or groups during its review process.
3. The proposal request for a new submajor program should follow the following format:
 - a. **General Description of the Request:** A general and brief description outlining the request should be provided.
 - b. **Justification:** Reasons for the request should be stated. Such reasons should include, but not necessarily be limited to: statements about need/demand; contributions to other programs; benefits; relationship to objectives; and, role and mission considerations.
 - c. **Impacts:** The intended or forecasted impacts should be stated and supported by data and objective measures wherever possible. Such impacts should include, but not necessarily be limited to: enrollment, faculty, facilities, support staff, capital expenditures, library, computer, and other resources.

III. Modifications to Existing Degree and Submajor Programs

A. Degree Programs

1. Substantive changes to degree programs will be forwarded to the Board for review and approval.
2. Changes that involve expanding the academic scope of an approved degree, program restructuring or other substantive academic changes shall follow the CCHE new program approval process (CCHE Policy I-B, 4.04.01).
3. Changes involving consolidation of several existing programs or renaming a program must be forwarded to the CCHE for review and approval (CCHE Policy I-B, 4.04.02).

B. Submajor Programs

Substantive changes in submajor programs must be submitted to the Board for review.

IV. Discontinuance of Degree and Submajor Programs

A. Program Discontinuance

1. The discontinuance of any approved degree program shall be in accordance with State law and CCHE Policy I-G.
2. A phase-out plan for discontinued degree programs shall be developed by the College. The phase-out plan will be implemented immediately upon notification of a program's discontinuance and will continue in effect during the period preceding the termination date. Each phase-out plan

will include procedures for the following:

- a. Notifying all affected students and faculty members of the program's change in status.
- b. Ceasing enrollment of new students in the program.
- c. Limiting enrollment only to continuously enrolled students.
- d. Counseling students into alternative programs when completion of the program is not feasible.

- f. Implementing institutional reduction in force plans, as appropriate.
- g. Reporting annually to the Board on the College's progress toward the discontinuance of the identified program.

B. Submajor Programs

1. The discontinuation of a submajor program must be reported to the Board.
2. A termination date for the discontinuation must accompany the notification to the Board.

Section 5.3: Review Procedures for Existing Programs

I. Review Procedures for Existing Programs

A. Introduction

The purpose of the guidelines for academic program review is to establish common procedures for the review of academic programs. The review process has several goals:

1. To improve the effectiveness of academic programs through self-study. Primary emphasis is placed on the analysis and criticism of programs within the College by professionals responsible for the programs.
2. To assure that academic programs are responsive to the broad educational needs of the citizens of Colorado.
3. To avoid needless duplication of facilities and programs in institutions of higher education in Colorado.
4. To provide a sound base for long-range educational planning for the College and the State of Colorado.
5. To assure the public that essential educational services are being effectively provided through the best utilization of available resources.

Educational evaluation has traditionally followed a normative approach, comparing measurable factors from institution to institution while often ignoring distinctive missions of the institutions or the specific goals set by the institution. These guidelines do not seek to avoid comparison, but rather to assure that comparisons are made among comparable programs.

Each program under review is required to state its goals and objectives and the criteria by which attainment of them is measured. Comparisons and assessments can then be made on two levels: (a) Are the goals of the program consistent with the mission and priorities of the College and the needs of the State? (b) Are the goals being met effectively?

The basis for the program review is a self-study conducted by those directly responsible for the program. It will be reported in a format that will facilitate review by others within the institutions, will permit determination of comparability among programs of different institutions, and will facilitate appropriate analysis and review by other educators, by the Board or by other state agencies.

All programs will be reviewed on at least a seven-year cycle.

B. The Self-Study

1. Procedures of the Self-Study

- a. The self-study document shall be prepared by individuals directly responsible for the operation of the program, and some form of external assessment (employers, alumni, advisory groups, etc.) must accompany the self-study. Decisions regarding use of external evaluators or consultants will be made by the President or his or her delegee.
- b. The self-study should be developed over a period of at least one year (1) in order to increase the clarity and accuracy of the analysis.
- c. The self-study will be analyzed and evaluated within the College following a process described in this section.

2. Elements of the Self Study

The self-study developed at the program level consists of two (2) parts, a narrative analysis and basic program data. The format and instructions for these two (2) sections are attached in Appendices A and B.

C. College Evaluation of the Self Study

The College self-study review process should attempt to critically evaluate academic programs as to appropriateness, quality and future potential. A sample set of questions to guide the review process is listed below:

1. Is there a need for the program?
2. Are the program goals and objectives compatible with the role and mission of the College? Are the program goals and objectives compatible with the planning priorities of the State and the College?
3. Are the goals and objectives for the program appropriate and achievable?
4. Are the goals and objectives clearly stated?
5. Are the goals and objectives measurable?
6. Are the activities appropriate and effective in achieving the goals and objectives?
7. Are the goals and objectives being achieved? How are the goals assessed?
8. Are the resources adequate for achieving the goals and objectives?
9. What are the strengths and weaknesses of the program?
10. Is there evidence that the graduates of the program are satisfied?
11. Is there evidence that the graduates of the program are able to find employment and are

successful on the job?

12. Could the program be accomplished more effectively if the functional relationships in the organizational structure were changed?
13. Is there duplication of effort in some aspects of the program?
14. What recommendations can be made for changes in the program?
15. Should the program be eliminated or transferred?

The internal evaluation of the self-study and the program will be reported in a formal critique consisting of three sections: (a) an analysis, (b) a summary of strengths and weaknesses, and (c) recommendations. The report will be attached to the program self-study and forwarded to the President and the Vice President for Academic Affairs. The President will determine what further action, if any, may be appropriate.

D. Board Approval

Any changes in the structure of an approved academic program at the College recommended as a result of the program review will require separate approval by the Board.

The Board may: continue a program at its present level; diminish a program; or, eliminate a program. A time schedule for the College to report back to the Board on actions resulting from the program review process will be developed by the College and approved by the Board.

E. Annual Submission to CCHE (CCHE Policy 1-C, 4.00)

1. By September 1 of each year, the Board will identify and submit to CCHE a list of programs to be reviewed in that academic year.
2. By September 1 of each year, the Board will identify and submit to CCHE a list of all new programs or certificates that are likely to be proposed in the next five (5) years and programs and certificates that may be discontinued within five (5) years.

II. Review Procedures for Existing Programs with Low Demand

A. Introduction

CCHE has approved a program discontinuance policy (CCHE Policy I-G), the goal of which is to identify potential programs for discontinuation based on graduation data. The CCHE low demand program criteria applicable to the College requires that:

Baccalaureate degrees graduate ten (10) students in the most recently reported year or a total of twenty (20) students in the last three (3) years.

B. Required Program Review for Two-Year Low Demand Programs

Upon notification by CCHE that an existing degree program has not met the minimum requirements for two (2) consecutive years, the College will initiate a self-study and review of the program. The outcome of the self-study and review is to determine if the program should be continued, undergo

restructuring or be discontinued.

C. Exemption of Baccalaureate Programs

1. Pursuant to CCHE Policy I-G, 4.03.02, a maximum of 5 (five) baccalaureate degree programs identified as low demand by CCHE but central to the institution's role and mission may be exempted from low demand program review and/or discontinuance by the Board and CCHE. Programs to be exempted must have graduated at least three (3) students in the preceding three (3) years.
2. The College may submit a request that a low demand program be declared exempt from discontinuance to the Board on an annual basis at the same time regular program review summaries are submitted. Approval or disapproval of exempt status shall be made by the Board.

D. Low Demand Program Review

The low demand program review process will follow the same process as regular program review, including:

1. an institutional program self-study;
2. an evaluation of the self-study at the institution; and
3. a recommendation to the Board for action.

E. Self-Study for Low Demand Programs

The procedures, time lines and elements for the low demand program self-study are the same as those outlined for regular program review in Section 5.3.-I.B of this Policy Manual. The format and instructions for the narrative analysis and basic program data reporting are in found in 5.3-Appendix A and 5.3-Appendix B. In addition, documentation to address the following questions may be required:

1. Is the program central to the role and mission of the College and the State of Colorado?
2. Is there a bona fide need for the program in terms of student and market demand?
3. Does the program assure access for students in the geographic areas the College seeks to serve?
4. Is the program unnecessarily duplicative of other programs in the statewide higher education system?
5. Is the program essential to other program offerings at the College?
6. Is the program of such quality that it brings recognition or particular benefits to the College and/or the State of Colorado?
7. Does the program provide unique opportunities in terms of its discipline, method of learning, academic level of competition, or size of constituency served?
8. Does the program attract external funds to the College or state?

9. Is there a rational explanation for the low number of graduates in the program?
10. Is there a plausible remedy for this situation?

F. Evaluation of the Self-Study of Low Demand Programs

The low demand program will undergo an internal, on-campus evaluation as outlined for regular program review in Section 5.3-I.C. of this *Policy Manual*, including the development of a formal critique of the self-study and a review of all internal program review documents by the President and the Vice President for Academic Affairs. In addition to using the questions under “College Evaluation of the Self Study”, the questions under “Self-Study for Low Demand Programs” (above) will also be used to guide in the evaluation process.

G. Board Action

1. The Board may decide to exempt a program, continue a program at its present level, restructure a program or discontinue a program. The Board’s actions will be communicated to CCHE in accordance with CCHE Policy I-G, 4.03.04.
2. If a program is approved for continuance by the Board after the review process for low demand programs, and the program appears on the annual CCHE low demand programs list for a third consecutive year, additional reports and/or self-studies from the College may be required to address CCHE and Board concerns, and the program may be resubmitted to the Board for further action. Pursuant to CCHE Policy I-G, low demand programs that are not discontinued by Board action may be discontinued by CCHE action.

III. Academic Degree Program Discontinuance

A. Programs may be discontinued by Board or CCHE action.

1. If a program is discontinued by Board action, a specific termination date will be specified by the Board and forwarded to the institution and to CCHE, pursuant to CCHE guidelines and State statutes.
2. Termination dates for programs discontinued by CCHE action will be set by CCHE.

B. A phase-out plan for discontinued programs shall be developed by each institution. The phase-out plan will be implemented by the institution immediately upon notification of a program’s discontinuance and will continue in effect during the period preceding the termination date. Each phase-out plan will include procedures for the following:

1. Notifying all affected students and faculty members of the change in status.
2. Ceasing enrollment of new students in the program.
3. Limiting enrollment only to continuously enrolled students.
4. Counseling students into alternative programs when completion of the program is not feasible.
5. Ensuring required courses are offered to the greatest extent possible before the termination or

changes take place.

6. Implementing institutional reduction-in-force plans, as appropriate.
7. Reporting annually to the Board on the College's progress toward the discontinuance of the identified program.

Section 5.4: Academic Calendar of the College

The College shall operate on a semester system during the academic year. The period and duration of summer terms are to be scheduled by the College to respond to the distinctive needs of the College and of its students and faculty. Innovative scheduling of mini-semester, short courses, and non-traditional programs is encouraged.

Section 5.5: Policy for Developing and Discontinuing Coordinated Academic Degree Programs

CCHE Policy I-I and State law shall be followed in the approval or discontinuance of coordinated academic degree programs.

Section 5.6: Admission Requirements of the College

The Board has the responsibility and authority to establish the admission requirements for the College provided that such requirements do not include admission standards lower than those set by the CCHE Policy I-F. The admission requirements which are to be stated in the role and mission statements of the College may not be changed in any way without prior approval of the Board. Since any change in admission requirements may modify the educational philosophy or the established role and mission of the College, no such change will be made unless it is preceded by a review.

Any changes in admission requirements approved by the Board involving admission standards may not be implemented until such time as it may be approved by the CCHE. The President is assigned the responsibility for all communication with the CCHE.

Section 5.7: Transfer of Earned Credits

- A. Credits satisfactorily completed in all subject matter areas similar to or related to curricula or course offerings at any regionally accredited two-year or four-year college or university in Colorado will be acceptable at full value upon transfer to the College, provided the student meets the admission requirements of, and is admitted to, the College.
- B. The College will establish an efficient and orderly transfer process based on the principle of automatic acceptance of applicable credit and to provide a mechanism for addressing transfer disputes. These processes will be set forth in the College *Catalog*. The number of transfer disputes and their resolution shall be annually reported to the Board. The CCHE shall have final authority in resolving transfer disputes that cannot be resolved by the College or the Board.
- C. The College will develop transfer policies, consistent with CCHE Policy I-L, for students who transfer from a Colorado public institution of higher education.
- D. Policies for transfer students who transfer from other Colorado public institutions of higher education will conform to the following parameters:
 - 1. All undergraduate credit hours awarded within ten (10) years by Colorado public higher education institutions which are transferred into an undergraduate degree programs at the College and which cover current equivalent material shall apply to the completion of such student's graduation requirements. This does not prohibit departmental residency requirements nor specific course requirements as long as the requirements apply equally to non-transfer (native) and transfer students within the same department.
 - 2. The College or department may not impose additional credit hour requirements on a transfer student provided such requirements are described in the academic curriculum. This does not prohibit departmental residency requirements nor specific course requirements for graduation as long as the requirements apply equally to native and transfer students within the same department.
 - 3. The required minimum grade point average for application into undergraduate degree programs shall be the same for all students, whether they are native or transfer students. The grade point average which is required for a student to apply and be fully considered for acceptance into a degree program shall be no higher than that which is required for graduation from the degree program. The College and departments reserve the right to select the most qualified applicants for admittance into the College and/or its programs. Criteria for admittance must be stated in the College's official publications and be on file with the CCHE.

Section 5.8: Outreach Policies

The Board recognizes the College's role as a regional education provider as determined by the statutory definition of its role and mission and supports the College in providing credit and non-credit educational programs under policies and procedures developed by the CCHE.

Section 5.9: International Education

The Board subscribes to the values of international travel and study in foreign countries. In order to provide international experiences for students that are both effective and economical, the Board encourages the following two approaches:

1. There should be strong and continual coordination among the colleges in Colorado in planning and operating short-term international travel programs. Programs may be offered jointly or by a single institution, but the program should be advertised throughout the State and all interested students should be encouraged to enroll.
2. The College should not develop its own semester-long or year-long study-abroad programs, but should reach agreements with other institutions already managing successful programs that will permit and encourage participation by students of the College.

Section 5.10: University and College Press of Colorado

The Board accepts the general policy set forth in the Articles of Incorporation of the University and College Press of Colorado and authorizes the President to submit the names of faculty members who are to represent the College.

Section 5.11: Division of Royalties from Copyrights and Patents

The Board is entitled to share or designate the recipient of any royalties or other income derived from patents and copyrights resulting from an employee's efforts while employed by the College to the extent that the College has assisted or supported such effort or to the extent that College facilities and support have been used in such effort. The specific extent of the Board's participation in such royalties or other income may be established by written agreement between the individual employee and the President or designee. The extent of the Board's share in such royalties or other income may be subject to the specific provisions of any grant or contract under which the royalties or income were generated.

Any royalties or other income derived from patents and copyrights generated solely as a result of individual initiative outside the scope of employment and not assisted or supported by the Board or the College or developed with the use of College facilities or resources, shall remain the sole property of the employee.

Section 5.12: Summary of Copyright Law Fair Use Provisions and Agreement on Guidelines for Classroom Copying

Federal Copyright Law Revision of 1973, 17 U.S.C.A. § 107, provides that “fair use” of a copyrighted work, including use by reproduction in copies, for purposes such as “teaching (including multiple copies for classroom use), scholarship, or research, is not an infringement of copyright.” Statutory criteria used to determine whether the use made of a work in any particular case is a “fair use” include:

1. the purpose and character of the use, including whether such use is of a commercial nature or is for nonprofit educational purposes;
2. the nature of the copyrighted work;
3. the amount and substantiality of the portion used in relation to the copyrighted work as a whole; and
4. the effect of the use upon the potential market for or value of the copyrighted work.

In 1976, the Ad Hoc Committee of Educational Institutions and Organizations on Copyright Law Revisions, the Authors League of America, Inc. and the Association of American Publishers, Inc. entered into an agreement entitled “*Agreement on Guidelines for Classroom Copying in Not-For-Profit Educational Institutions*” (the “Agreement”) which states the minimum standards of educational fair use.

The Agreement provides that teachers may make or have made single copies of: a chapter from a book; an article from a periodical or newspaper; a short story, essay, or poem; or a chart, graph, diagram, drawing, cartoon or picture for scholarly research or use in teaching or preparation to teach a class. Multiple copying for classroom use cannot exceed the number of pupils in a class, must meet strict tests of brevity, spontaneity, and cumulative effect, and must include a notice of copyright. “Brevity” is defined as no more than two hundred fifty (250) words from a poem, no less than five hundred (500) but not more than one thousand (1000) words of an excerpt of prose and up to two thousand five hundred (2500) words of a complete article, story or essay. “Spontaneity” requires teacher inspiration and time pressures that make it unreasonable to request permission. “Cumulative effect” limits copying by each instructor of a given item to only one (1) course in the school, not more than nine (9) instances of multiple copying for one (1) course during one (1) class term, and not more than one (1) item from the same author nor three (3) from the same collective work or periodical volume during one (1) class term. In addition, copies may not be: 1) used as substitute for anthologies, compilations or collective works; 2) made of “consumables” such as workbooks; 3) a substitute for purchases, directed by higher authority, or repeated with respect to the same item by the same teacher from term to term; 4) the subject of a charge to the student beyond actual copying cost.

Video taping of television programs for classroom use from commercial television programming should be tested by the above statutory criteria for fair use. Before video taping television programs for classroom use from a public broadcasting agency, the College should contact the local public broadcasting station for a list of programs which schools may record off-the-air.

College faculty and employees desirous of using copies of material created by others are responsible for determining its copyright status and should obtain written permission from the copyright owner before using the material, except when the “fair use” criteria stated above have been met.

Section 5.13: Out-of-State Instruction

The Board will annually review any proposed courses offered by the College in the states of Arizona, Kansas, Nebraska, New Mexico, Oklahoma, Utah, and Wyoming. These courses must satisfy the following stipulations:

- A. Any credit course offered will be applicable toward credit for a degree or certificate at the College. The courses must be current catalog offerings. Any new non-catalog offering must be approved through the procedures established by the College for course inclusion in the catalog.
- B. Any non-credit courses offered through a program will not be acceptable toward credit for a degree or certificate.
- C. Existing College standards for selection of resident faculty and evaluation of credit and non-credit courses and programs will apply to out-of-state instruction.
- D. Degree or certificate programs cannot be offered out-of-state without prior approval of the Board and CCHE.
- E. Quality of on-campus programs must not be sacrificed for the out-of-state courses.
 - 1. Current faculty FTE will not be used as faculty in the out-of-state courses.
 - 2. The administration of the out-of-state courses will be carefully monitored so as not to interfere with the normal operations of the College.
- F. Enrollments generated in out-of-state programs or courses will not be reported as FTE for state funding.

The Board will annually provide CCHE with a complete set of the policies and procedures of the Board regarding out-of-state instruction.

Prior to offering courses in states other than Arizona, Kansas, Nebraska, New Mexico, Oklahoma, Utah and Wyoming, the Board will seek CCHE approval.

The Board will annually provide CCHE with a report describing all courses offered by the College outside the boundaries of Colorado.

CHAPTER 6: STUDENT AFFAIRS

Section 6.1: Disciplinary Action Policy and Student Due Process

A. Disciplinary Action Policy

Acts by students which interfere with the rights of others, disrupt or impair the normal functioning of the College, damage property, impair the health or safety of others, or otherwise violate College regulations may be grounds for suspension or expulsion from the College pursuant to College disciplinary procedures.

B. Student Due Process

The College shall establish procedures to provide due process to students against whom the College initiates disciplinary action.

Section 6.2: Intercollegiate Athletics

A. Philosophy

Intercollegiate athletic programs are present in the College as part of the overall educational plan of the College. Participation in intercollegiate athletic programs contributes significantly to student development shall be available to any student in good academic standing.

2. Level of Competition

The Board recognizes that the College should participate at the level of competition prescribed by affiliation with the Rocky Mountain Athletic Conference (RMAC).

3. Student Fees

Student fees represent the primary source of revenue for the operation of intercollegiate athletic programs. The Board shall approve setting of all student fees, any portion of which is used to support any aspect of the College's intercollegiate athletics program.
