D. Learning Objectives/Written Paper

Within three weeks of completing each trimester of Residential Anake Outdoor School Experience, you must e-mail your paper to extendedstudies@western.edu. Your paper must address the five objectives listed below as part of your self evaluation.

To help you in this process, it is recommended that you keep a detailed journal during your course which tracks your thoughts and experiences in each of the objectives. It should solidify in your mind what happened, help you analyze the pieces involved, and help you transfer or apply this information to your life. In the paper, address each objective under its own subheading. Explain how your experiences on your Anake Outdoor School course affected your growth in each area. In a final section, summarize your feelings and recommendations about the Anake Outdoor School experience and how you might now be living your life differently. You are encouraged to support your opinions using properly documented references (APA format). Your paper should not be a copy of your journal or simply a documentation of what happened every day of your course. Rather focus on what you were learning using course experiences.

Your paper must be typed and double spaced. Correct grammar and spelling is expected. Careless errors will distract from your presentation. Use 12 point Times New Roman font. Please keep in mind that this paper should document a learning experience. The paper should be a minimum of 5 pages in length. Your paper will be evaluated on the following basis: 20% for proper format and clarity in your writing and 80% for content, including adequate and honest coverage assessing your fulfillment of the learning objectives listed below.

Western State Colorado University will award credit after you have successfully completed your Anake Outdoor School course based on your field instructor’s evaluation, your satisfactory written analysis of the course, and after full payment of tuition has been received. Your final paper and instructor evaluations are due within three weeks after the completion of each trimester Anake Outdoor School course. A short grace period will be given and then a grade of “F” will be recorded if your paper is not received in this office within five weeks from the completion of your course. Please contact this office if you have questions or legitimate concerns with this policy.

**OBJECTIVE #1: LEADERSHIP AND TEACHING SKILLS**

I will improve my judgment by analyzing situations during the course, studying actions and results. I will show initiative and take responsibility for assisting others whenever possible. I will contribute to the problem solving and decision making process. I will develop effective presentation skills. I set higher expectations for myself than for others, showed appreciation for the contributions of others, and pursued what I believed to be right in the face of discomfort, hardship, impulses of the moment, mockery, or boredom.

**OBJECTIVE #2: TECHNICAL SKILLS**

I will learn the techniques of safely doing either/or snow, land or water based adventure outdoor activities by following the procedures and practices of the course. By the end of the course, I will have an understanding of my abilities and limitations in respect to safely pursuing the activities practiced.

**OBJECTIVE #3: COMMUNICATION AND TEAM BUILDING**

I will show positive regard and respect for others on the course and will actively communicate to enable team building. This will assist the group in becoming cohesive and will enable it to function as a team. I will work on self expression, listening, and feedback techniques. I have learned to appreciate and utilize the strengths of people who are different from me. I am aware of the strengths and weaknesses of my own personality preferences. I do not avoid conflict but deal with it in a timely and constructive manner.

**OBJECTIVE #4: ENVIRONMENTAL PRACTICES AND SAFETY AWARENESS**

I will practice LNT (leave no trace) camping skills to establish good safety, environmental, and hygienic standards by following the guidelines of the course. This will include: camping, cooking, and navigating. Throughout the course, I will display conscientious and consistent regard for safe and environmental practices in outdoor living. I will carefully assess risks and manage them effectively.

**OBJECTIVE #5: SELF GROWTH AND SERVICE**

I will keep an open mind to different philosophies and ideas and try new activities. I will endeavor to extend myself in difficult situations and will also assist others striving for success. This will be achieved by using compassion, tolerance, a sense of humility, and concern for others.
