APPENDIX - ACCOUNT CODE LIST for Expenses HELP SHEET  
PRINTED PURCHASE ORDER SAMPLE
1:  **FGIBDST - Budget Status Form to check Funds Available**

**Fiscal Year:**  Current fiscal year defaults.  Can enter any fiscal year.

**Index:**  Enter department’s Index.  If accounting string does not have an Index, enter the Organization, Fund and Program.

**Account:**  Enter an account code and **PAGE DOWN**.

**DETAIL BLOCK INFORMATION**

The Options Menu at the top displays related forms that provide detail of budget transaction activity.  Following are those forms:

**Budget Summary Information [FGIBSUM]:** Select from Options Menu or press **F2 COUNT QUERY HITS**.  Shows summary of your organization’s budget status by account type.

**Organization Encumbrances [FGIOENC]:** Select from Options Menu or press **F4 DUPLICATE RECORD**.  Shows open encumbrances of your organization’s budget.  You can go to Options Menu from this page as well and select Query Detail Encumbrance Info [FGIENCD] to view details for each encumbrance.

**Transaction Detail Information [FGITRND]:** From any account type, go to Options Menu or press **F3 DUPLICATE ITEM** to see all transactions in this account code.  From most fields in FGITRND you can go to the Options Menu and select Query Document or Detail Encumbrance Information if it’s an encumbrance you are looking at.
2: FPAREQN – CREATE A REQUISITION

PAGE DOWN or if you want to copy an old req’s information into a new req, click on the Copy icon (next to Requisition field). Self-explanatory from there.

Delivery Date: required field dd-mm-yyyy.

PAGE DOWN to Vendor Information page. To Search for Vendor press F9 LOV LIST OF VALUES or Click on drop-down menu and select Entity Name/ID Search (FTIIDEN). In Last Name field type % as a wildcard, then a distinct portion of the vendor’s name, then % again. The Search IS case-sensitive and does not use punctuation. NOTE: Wildcards pick up everything before or after it in the search. Press F8 EXECUTE QUERY. If desired vendor is not found and you need to enter a new search, press F7 ENTER QUERY and execute again. Highlight desired vendor. Press SHIFT F3 EXIT WITH VALUE. Vendor will pull back into req. If defaulted vendor address is not correct, please provide correct address in Document Text. Instructions to follow. If no vendor match was found in FTTIDEN, F12 EXIT and type vendor name in the 2nd long vendor field. You will then need to provide complete vendor name, address, phone, fax and contact information in Document Text. Instructions to follow. 

IMPORTANT NOTE: AFTER Vendor is selected, yourREQ # appears. WRITE IT DOWN!!!

DOCUMENT TEXT

Select Document Text (FOAPOXT) from Options Menu. This is where you’ll add special instructions for PO handling like fax or email, new or updated vendor information, standard clauses (instructions to follow), quote information, terms and conditions, special instructions to vendor or notes to Purchasing. The number of text lines is unlimited. Anything that pertains to the WHOLE DOCUMENT goes here. Hence the name “Document” Text. There are many Standard Clauses to help requestors provide this information. From the Modify Clause field Click on drop-down menu or F9 LOV LIST OF VALUES to retrieve a clause name from the Clause List FOICLAU. View all clauses by ARROWING UP/DOWN. To select clause you want and pull it back into your req, with cursor on clause you want, press SHIFT F3 EXIT WITH VALUE. You will then need to PRESS F6 INSERT to pull the clause DOWN into the TEXT LINE below. PAGE DOWN or Click in text lines to get cursor down there. Put required information the Clause is asking for. If you would like to add Another Clause, return to Modify Clause field above by pressing F10 ROLLBACK. Keep in mind there is no text wrapping from line to line in the Text lines. Line numbers are in increments of 10. You may add a new text line between increments by putting an in-between number in the Line field on the right of a blank line. F11 COMMIT. To Delete a Line, do a SHIFT F6 DELETE RECORD.

IMPORTANT – PLEASE NOTE: There are 4 clauses that you, as a requester, are absolutely REQUIRED to pull in. They are: 1) CATEAUTH – Stands for Catering Authorization. Use for all Food services to comply with State Fiscal Rule on Official Functions. You must fill in the prompted information. 2) AIRFARE – Used in all airfare requisitions. Prompts requester for all pertinent information on flight. Gives requester’s approval for AP to do
receiving for them if it has not been done by the time payment is due on the central bill airfare credit card which is paid by AP.

3) PREPAY – Contains statement affirming vendor requires prepayment and references State Fiscal Rule 2-2.

4) ALCOHOL – Pulls in the WSCU Alcohol Policy and states the University is compliant with the State of Colorado.

NOTE: If these REQUIRED clauses are not in your requisition, you will be asked to delete and do over.

F11 COMMIT info you put in the Text block. F12 EXIT out of that FOAPOXT page to get back to the reg itself.

PAGE DOWN to move to the COMMODITY/ACCOUNTING page:

Cursor is in the Commodity field. **DO NOT PUT ANYTHING IN THIS FIELD!** It’s for the inventory module of Banner which we do not use here at WSCU. Enter, Tab or Click in the Description field. This is where you will put a **complete and accurate description of WHAT you are ordering**. Whatever doesn’t fit on the Description line should be continued in the ITEM TEXT. Select Item Text [FOAPOXT] from Options Menu. Navigation and functions are the same as when you were in Document Text. F11 COMMIT and F12 EXIT out of FOAPOXT when description is complete. **Back on Commodity/Accounting page enter:**

U/M – Stands for Unit of Measure. Click on drop down menu and choose code. Click OK. Pulls into that field.

Quantity

Unit Price – Decimal and zeros are not required for an amount with no cents. Extended amount calculates automatically.

Discount - Enter dollars discounted by vendor. Commodity Line Total calculates automatically.

If you have Another Item, ARROW DOWN. Proceed as above. Each commodity is numbered automatically.

PAGE DOWN to move to the ACCOUNTING block:

Cursor defaults in COA field. **DO NOT TOUCH or CHANGE! Enter, Tab or Click** in Index field and enter your Index. Fund, Orgn and Prog defaults. If accounting string does not have an Index you will need to enter the Fund, Orgn and Prog. Enter Acct code that best matches what you’re ordering. Enter or Tab over to the Extended field until dollar amount defaults. ARROW DOWN if you want to put in another accounting string to split the cost of the order. If you are doing this, you would have had to Manually Enter the dollar amount on the first accounting string above on the right hand side.

PAGE DOWN. You will get a NSF NON-SUFFICIENT FUNDS pop-up box if you do not have sufficient funds in the account you are trying to use. You will need to contact Leonard Silence x7026 to override the NSF for you in order for the requisition to flow to the Procurement Office for PO processing. You will also need to initiate a budget adjustment through Leonard. **PAGE DOWN - COMPLETE**
3: **FPARDEL – DELETE / CANCEL A REQUISITION**

A Requisition’s STATUS determines HOW it is deleted. By STATUS we mean: Completed AND Approved, Completed but NOT Approved or NOT COMPLETE.

**If Completed AND Approved** - FPARDEL is used. Enter Req #. PAGE DOWN. From Options Menu select **Access Cancel Date**. On next screen that comes up, from Options Menu select **Process Cancellation**. Watch HELP message on bottom of screen. It will say “Transaction complete: 1 record applied and saved. “ Req # in FOIDOCH will show with an “X” beside it.

**If Completed but NOT Approved** – If you completed a req, but you are NOT the budgetary approver on the account you used, it will not automatically approve. It will go into whomever’s approval queue is on that accounting string’s approval queue. That person can go into FOAUAPP and **Click on the Disapprove button**. When a req is Disapproved, it UNCompletes the req and Reopens it. You may then follow the next set of directions:

**If NOT COMPLETE** – Go back into FPAREQN and enter the Req #. **BE SURE to use zeros and NOT “O”s**, as in “O”pera when entering the R#. PAGE DOWN. Do a SHIFT F6 TWICE. Pop-up comes up that says, “All Commodity and Accounting Records will be deleted”. Click “OK”. Watch HELP message on the bottom of the screen. It will say “Deletion of Requisition is complete”.

6
4: FOIDOCH – DOCUMENT HISTORY

Document Type field:

Type REQ (for Req), PO (for Purchase Order) or RCV (for Receiver Document). Enter or Tab over to Document Code field and type in the document you are inquiring about. PAGE DOWN. You will see related documents and their status. Navigate by PAGE UP/DOWN. If there are a number of Receiver Documents showing in the Receiver block, navigation between them is by ARROW UP/DOWN.

You can view any of these documents. Click on document or PAGE UP/DOWN to select the document you want to query. Press F3 DUPLICATE ITEM or go to Options Menu and choose appropriate query.

You can View Status Indicators through the Options Menu. Not all status indicators are applicable to all documents. For example, Receiver Documents do not go through approvals because there is no money tied to them, therefore you will never see an “A”proved next to a Receiver Document. If there is no status indicator, it means the document is not complete. The normal flow of a document is Blank / “C”ompleted / “A”proved. Invoices and Checks show other varied status indicators. Click on View Status Indicator through the Options Menu for assistance. If you see “S”uspended, please call Procurement & Contracts for assistance at x7022.
5: **FPARCVD – RECEIVER DOCUMENT**

Type NEXT and PAGE DOWN. Receiver Document #s start with a “Y”.

**RECEIVING HEADER block:** Skip all and PAGE DOWN to next block.

**PACKING SLIP block:** Put your “Y” # in the Packing Slip field. PAGE DOWN.

**PURCHASE ORDER block:** Put your PO# in the Purchase Order field. Enter or Tab. Purchasing Director’s name will default as the Buyer and Vendor name will default in. **Receive Items radio button** defaults highlighted. From Options Menu Click on Select Purchase Order Items [FPCRCVP]. The next page that comes up (FPCRCVP) is where you are selecting “which” items you want to pull into your Receiver Document to actually receive. All items on the PO are displayed. Even if you are doing “partial” receiving on one particular item, you will need to select that item. Cursor lands in upper block on Receive All field (scored line above and below field). PAGE DOWN. Quantity Accepted field shows amount received from any previous Receiver Document(s). Click **ADD ITEM box** to select your item(s) for receiving. F11 COMMIT. F12 EXIT to get back to FPARCVD Receiver Document.

PAGE DOWN – Enter, Tab or Click in Current field and put the quantity you want to receive for that item. ARROW DOWN if you have another item you need to do receiving on. **NOTE:** If you are receiving off a Dollar Amount Only standing PO, receiving is then done in Dollars not Quantities.

**PAGE DOWN - COMPLETE**

**NOTE:** If Negative Receiving needs to be done to correct a previous over-receiving, you would click on Adjust Items radio button on the first page. Then proceed as directed above.

**NOTE:** If you want to Receive All items on a Purchase Order, Click on Receive All Purchase Order Items from the Options Menu instead of Select Purchase Order Items as instructed above. When this selection (Receive All) is chosen, FPCRCVP does not come up. You will PAGE DOWN and go directly to the page for putting in your Quantity/ Dollar Amount. Current field(s) default the full amount of item’s quantity/dollars. **PAGE DOWN - COMPLETE.**

**NOTE:** You can Delete a Receiver Document as long as you have not Completed it. In the second block, on the first page, RECEIVING HEADER, hit **SHIFT F6 TWICE**. Watch Help Message on bottom of your screen. It will say, “Receiver #_ _ _ _ _ _ _ _ and all detailed records have been deleted.”
6: **FOAUAPP – USER APPROVAL Form to Approve a Document**

User ID field defaults name of logged-in user. **PAGE DOWN** to see documents in your approval queue. If you clear the User ID field and **PAGE DOWN**, you will see all documents awaiting approvals.

Simply **Click** on the Approve or Disapprove button. Disapproving a document reopens that document.

**Clicking** on Detail button will bring up accounting data from document. Now, from this page, you can access the inquiry form of the document through the Options Menu. **F12 EXIT** out of the inquiry form.

**Clicking** on the Queue button takes you to FOAAINP. **PAGE DOWN** to see whose approval queue the document is in. You may Approve or Disapprove from this page as well. From this page you may go to Options Menu, click on Approval History [FOIAPPH] and view previous approvers on the document and date approved. **F12 EXIT**.

“Y” in the NSF field indicates document has insufficient funds and will move to the NSF queue (Leonard Silence) after all other approvals have taken place.
7: FGAENC8 – ENTERING AN ENCUMBRANCE

PAGE DOWN

**Encumbrance Description** field: Enter brief description of services the contractor will perform. **Do not use the contractor’s name in this field.** (e.g. Comedy performance by Robin Williams)

Enter or Tab and put in Document Total. **Enter or Tab to Transaction Date.** Defaults today’s date. Can enter a different date if doing an encumbrance for next fiscal year.

Enter or Tab to **Vendor ID** field. Enter vendor ID number or do a Vendor Search: Hit F9 LOV LIST OF VALUES or Click on Down Arrow. FTIIDEN appears. In **Last Name field** type % as a wildcard, then a distinct portion of the vendor’s name, then % again. The Search IS case-sensitive and does not use punctuation. **NOTE:** Wildcards pick up everything before or after it in the search. Press **F8 EXECUTE QUERY.** If desired vendor is not found and you need to enter a new search, press **F7 ENTER QUERY** and execute again. Highlight desired vendor. Press **SHIFT F3 EXIT WITH VALUE** to pull vendor into encumbrance. **Leave Vendor ID field blank if you are not sure of the correct vendor ID number. Once a vendor is entered and the encumbrance is completed, it cannot be changed. Encumbrance must be closed and a new one entered.**

Select **Document Text (FOAPOXT)** from **Options Menu.** FOATEXT appears. Use to describe services. Should include:

**WHO:** Name of organization or individual. This should be the person or organization receiving payment.

**WHAT:** Detailed description of service to be provided. What is the contractor expected to do? What is the University expected to provide, if anything? (e.g. make lodging arrangements, reimburse meal expenses according to State’s per diem once contractor submits invoices, etc.)

**WHEN:** Start and End dates.

**WHERE:** If applicable.

**PAYMENT:** Payment amount, when payment is to be made and any other details regarding payment.

**WSCU CONTACT:** Name and number of faculty/staff to contact regarding service.

**F11 COMMIT** then **F12 EXIT**

PAGE DOWN

Enter or Tab through **Status and Sequence fields.** Enter **E010** in **Journal Type** field. Enter or Tab to **Index field** and input your Index. **Acct** is always 711211. **Percent** is 100 unless using more than one accounting string, then enter the percentage for each string.

PAGE DOWN - COMPLETE
8. FGIENCD – DETAIL ENCUMBRANCE ACTIVITY

Enter Document (PO, Req or Encumbrance) number.

PAGE DOWN

Status field: O = Open / C = Closed

All fields are display-only. PAGE DOWN/UP is used to navigate between BLOCKS. ARROW DOWN /UP is used to navigate between individual lines/records.

Sequence field: Displays which accounting string you are viewing. If more than one accounting string, ARROW DOWN/UP to view. Transaction activity in the lower block changes for the activity on the accounting string you are viewing.

Encumbrance field: Original amount on that accounting string.

Liquidation field: Amount paid (or reduced via a change order) on that accounting string.

Balance field: Remaining amount on that accounting string.

LOWER BLOCK

Type Codes represent the transaction function. The following Type Codes are ones you may see:

REQP = Requisition
POLQ = PO liquidated REQ
PORD = Purchase Order
INEI = Invoice Paid
E010 = Post Original Encumbrance
E020 = Encumbrance Adjustment
E032 = Encumbrance Liquidated
E090 = Year End Encumbrance Roll

Action field: “T” for Total appears when the transaction causes full liquidation.

Transaction Amount is the amount for that transaction.

Remaining Balance is amount left after that transaction.
9. FPARQST – PRINT A REQUISITION

NOTE: Requisition must be Completed and Approved to print.

PAGE DOWN

Printer Control block:
Printer field: Type or select “email”
Special Print field: Type your email name without the @western.edu

PAGE DOWN

Parameter Values block:
In the Values field enter your Requisition number i.e. R00xxxxx. Be sure to use zeros and not “O”s as in Opera. All Parameters and other Values remain as defaulted.

PAGE DOWN

Submission block:
Save Parameter Set as field is an Optional field. Click in box to save entered Requisition number in Value field.

F11 COMMIT

You will now receive an email from Banner with a PDF document of your Requisition. Open and Print.
