

Wilderness Based Orientation (WBO)
Scholarship Application

Mission Statement

The mission of Wilderness Based Orientation (WBO) is to enhance student success while transitioning into college. We do this by engaging students in the intensive social, physical, and educational atmosphere of a structured wilderness expedition. During these expeditions, WBO aims to develop the strength and quality of character necessary for collegiate success. These qualities include tenacity, honesty, craftsmanship, compassion, intrinsic motivation, and leadership. Through WBO, we attempt to shape the culture of the freshman class by exposing students to the values held by Western State College. These values include learning, critical thinking, knowledge, education, leadership, fun, service to others, community, citizenry, environmental stewardship, and healthy lifestyles.
